SAIGON (AP) — American air cavalrymen battled a sizable enemy force in the jungled infiltration corridor northwest of Saigon today while inside the capital Viet Cong rockets fell for the third time in two months, killing three civilians and wounding five.

U.S. headquarters said a stiff fight was under way 34 miles

northwest of the South Vietnamese capital and that so far 44 enemy soldiers had been killed. Jets, helicopter gunships and artillery were supporting the troops of the 101st Air Cavalry Division, who were battling in sweltering heat in an area of flooded rice paddies and verdant jungle just above a main highway leading to Saigon.

The battle began slowly Tuesday afternoon, slackened during the night as flareships lit the darkness and grew in pitch again today.

The size of the enemy force was not known, but the number of casualties and the tempo of the fighting indicated it was a sizable unit that may have been working toward Saigon for the third major enemy offensive of the year which the U.S. Command is still expecting. Increasing numbers of Viet Cong and North Vietnamese are known to be maneuvering in the northwest corridor from the Cambodian border to Saigon, 75 miles away.

The rocket attack on Saigon was the third since Gen. Creighton Abrams assumed command of U.S. forces in mid-June and ordered massive efforts to secure the city after a period of daily rocket barrages against the capital.

Doctors Say Ike Continues To Rest Well

Temper Optimism With Caution About Relapse

WASHINGTON (AP) — Army doctors, maintaining their cautiously optimistic tone, reported today that former President Dwight D. Eisenhower had shown "some further decrease" in heart irritability since Tuesday.

They also said he is "enjoying light background music" in his room at Walter Reed Army Hospital where he still is battling against his seventh heart attack.

The text of a 10:30 a.m. EDT medical bulletin: "Gen. Eisenhower has spent another comfortable night. There has been some further decrease in cardiac irritability since yesterday's bulletins.

"Gen. Eisenhower's spirits remain good and he has been enjoying light background music at intervals through the last 24 hours.

"Mrs. Eisenhower continues to visit the general for short periods frequently."

Tuesday the doctors had voiced "cautious optimism" about the general's chances of surviving his current attack but they stressed at that time that his condition was still critical and that a recent favorable trend they had noted in his condition "is capable of reversing at any time."

The afternoon and evening bulletins Tuesday said there was no change from the day's first which said:

"In so far as is possible in the setting of Gen. Eisenhower's still critical condition, his physicians have expressed a note of cautious optimism."

In the past doctors had, at one time or another, used the words "favorable" and "encouraging." They described the former president's condition as "encouraging" Friday, the day before the most recent onslaught (Continued on Page 2)

Bank Fraud Conviction Is Overturned

SAN FRANCISCO (AP) — "Naturally, I'm relieved and grateful," says ex-banker Don Silverthorne of the reversal of his 1966 conviction of misappropriating funds in his now-defunct San Francisco National Bank.

Now 62, the one-time financier had been sentenced to 60 years in prison and fined \$60,000.

In reversing his conviction Tuesday, the U.S. Court of Appeals said too much publicity had prevented a fair trial.

Silverthorne's bank, which he founded in 1962, was closed by the comptroller of the currency on Jan. 22, 1965, showing assets of about \$54 million.

Losses have not been determined, but the Federal Deposit Insurance Corp., which has paid about \$10 million to small depositors, said losses would be "substantial."

Ohio Delegation Faces Fight Over Minority Viet Plank

By DON BANDY Associated Press Writer

CHICAGO (AP) — The Ohio delegation to the Democratic National Convention appeared headed today toward an internal fight over the controversial Vietnam plank in the party's platform.

The 128-member delegation held an hour-long caucus late Tuesday some two hours before the session adjourned early today.

The caucus was called to take a vote on the Vietnam plank, but the meeting broke up when it appeared the delegates were headed for a fight over the minority and majority reports on the controversial issue.

Delegate John J. Gilligan, who helped write the minority report, has predicted a 50-50 chance for its approval.

Gilligan was scheduled to speak in favor of it when the convention reconvenes today. The plank was headed for a floor fight early today but was postponed when delegates demanded adjournment.

The Ohio delegates also postponed a roll call on the issue

Bloodmobile Due Thursday

The American Red Cross Bloodmobile will visit Pickaway County on Thursday, from 11 a.m. till 5 p.m. at Community United Methodist Church.

Since the quota was not reached on July 5, it is most important that this visit be given support. Eight weeks have elapsed since the last time the unit was in Circleville, making those who donated then, eligible to give again, if they wish.

The family of Steven Kneec is requesting the assistance of friends in the community in making replacements of blood which has been used for him. Steve, a Logan Elm High School student, undergoes regular treatments with a kidney machine at University Hospital and will be scheduled for a kidney transplant later in the fall. The whole procedure requires many units of blood.

Douglas publicly announced it might be faced with a no-profit year.

During the unloading, the SEC said, the large investors it has cited cleared their portfolios of 190,000 shares of the unwanted stock. An informed source said these shares sold for some \$4.5 million more than they would have brought if traded at the price that prevailed June 29.

To reward Merrill Lynch for sharing the secret with them, the SEC said, the favored customers, when making subsequent large transactions with other firms, would direct that the commissions be split, part going to Merrill Lynch.

In Wall Street parlance, this is a "give up," a practice the

SEC has already drawn a bead on in hearings it opened in July. The New York Stock Exchange, formerly a defender of give ups, announced recently it was prepared to see them banned.

Merrill Lynch personnel cited were Winthrop Lenz, chairman of the executive committee; Gillette K. Martin, senior vice president; seven vice presidents and five salesmen.

Sen. Kennedy Again Says 'Count Me Out'

CHICAGO (AP) — Vice President Hubert H. Humphrey faced a Democratic convention revolt on Vietnam policies today as he seemed within reach of the party's presidential nomination.

The convention suddenly adjourned after meeting seven hours when large numbers of delegates started shouting and handclapping when reading started of the proposed platform plank recommending continuing policies set by President Johnson and Humphrey.

McCarthy startled some of his followers Tuesday when he told editors of the Knight newspaper group that he thought Humphrey had wrapped up the nomination. Later, a McCarthy spokesman denied that the Minnesota senator had conceded and said he intended to continue fighting.

While talk persisted on an effort to draft Sen. Edward M. Kennedy, the 36-year-old Massachusetts senator moved to end it by issuing a statement through his Washington office saying he would be unable to accept the presidential nomination "for personal and family reasons."

And Kennedy called on those pressing the draft movement, on the floors and corridors of the International Amphitheatre and in downtown hotels, "to cease all activity on my behalf so that the convention can choose its nominee from among the capable and dedicated candidates already in contention."

Humphrey forces maintained their march of convention victories in seating contests over Southern delegations, and the vice president picked up a parade of endorsements from favorite son candidates in Texas, Tennessee and South Carolina to push him very close to the 1,312 votes needed for the nomination tonight.

But the convention pace was imperiled when efforts to reach the critical test vote of Humphrey-McCarthy strength on the Vietnam issue were forestalled by the shouting demonstration to adjourn and reconvene at 1 p.m. EDT today.

The Platform Committee's proposed plank on Vietnam parallels Humphrey's viewpoint and administration policies in linking a call for a halt in all bombing of North Vietnam with a response from Hanoi.

Maddox Says He Won't Back Demos

CHICAGO (AP) — Gov. Lester Maddox of Georgia quit his brief bid for the Democratic presidential nomination today and said he would campaign against the Democratic party's nominee in the fall.

Maddox left open the possibility that he would support third-party candidate George C. Wallace in the November election. He said he had talked to Wallace by telephone Tuesday night.

Maddox, who closed his Atlanta restaurant rather than serve Negroes, told a news conference his conscience would not allow him to aid "any liberal candidate, any liberal party, particularly the Democratic Socialist party."

"In obedience to God and loyalty to my country I denounce them," he said.

Maddox, who announced his candidacy for the presidency 10 days ago, said he was returning to Georgia this afternoon. Going with him, he said, were many members of the Georgia delegation.

His decision to quit followed closely the national convention's action seating a fully integrated delegate slate rivaling the regular Georgia slate.

HHH Controls 'Open Convention'

CHICAGO (AP) — With all its floor fights and intense debate, how open is this roaring Democratic National Convention?

The public argument might suggest it is wide open, especially as contrasted with the decorous parley in Miami Beach two weeks ago which handed Richard Nixon the Republican presidential nomination.

But votes taken in the first two days of the Democratic convention, despite all the hot oratory, clearly show Vice President Hubert H. Humphrey consistently in the driver's seat, riding an unusual coalition of bedfellows—conservative delegations from the South along with many of the big, presumably liberal delegations from the industrial North and Midwest.

Humphrey agents have been

In addition to pressure applied directly by the vice president, his opponents insist the Platform Committee's majority recommendation on the Vietnam plank was dictated by the Johnson administration. Their view is that the President left his vice president free to call the shots on the domestic issues but moved in himself, positively, on the foreign affairs planks.

The glue holding Humphrey delegates in line will get its severest prenomination test today when the Vietnam plank goes to the floor for a vote. Black Delegates Pushing Negro for Presidency

CHICAGO (AP) — Black delegates are pushing a Negro favorite son candidate for president in a protest vote on the first ballot at the Democratic National Convention tonight.

However, leaders conceded the protest is unlikely to create any major dent in the drive by frontrunner Vice President Hubert H. Humphrey for the party's nomination.

The movement to deny black support to the three leading contenders and cast the Negro votes instead for the Rev. Channing Phillips, a minister from the nation's capital, stemmed

from resentment at the refusal of the convention to unseat two Deep South delegations.

Negro Congressman John Conyers Jr. of Detroit, who will make a second speech for Phillips, announced the move at a news conference Tuesday night and said he was disappointed in the convention because "issue after issue has been subverted to the cause of conservatism."

But fellow Negro Rep. Charles C. Diggs Jr. of Michigan said he still supports Humphrey and predicted the movement would have no significant effect on the convention.

Diggs said, "I don't consider this or any other favorite son a serious candidate."

Phillips, 44, led a coalition slate backing Sens. Robert F. Kennedy and Eugene J. McCarthy that overturned regular party forces in the Democratic primary in the District of Columbia in May. He became the favorite son candidate of his 23-vote delegation after Kennedy's assassination.

SEC Levels Fraud Charges in Stock Deals

WASHINGTON (AP) — The Securities and Exchange Commission has leveled fraud charges against Wall Street's biggest securities firm on grounds that it leaked a big-money secret only to certain major investors.

The regulatory agency set no date Tuesday when it announced hearings would be held on charges by its staff against the nation's biggest and best known broker-dealer, Merrill Lynch, Pierce, Fenner & Smith.

Nine officers and five salesmen of the firm, as well as 15 institutional investors—the alleged receivers of the hot tip from Merrill Lynch—also were called on the carpet.

The investors included the

Madison Fund and Dreyfus Corp., top mutual funds.

"We are convinced that none of our people acted wrongfully and you can be sure we will defend our position vigorously," Merrill Lynch said in a statement issued in New York.

John Haire, chairman of Anchor Corp., into which Investors Management Co., one of the cited firms, was consolidated recently, said:

"To the best of our knowledge, we did not receive any nonpublic information regarding Douglas Aircraft from Merrill Lynch which was not available to us from other sources."

According to the SEC, Merrill Lynch was helping Douglas Aircraft Co. prepare a bond issue

when it learned the big plane-builder's earnings, contrary to earlier optimistic reports, were in bad shape.

The SEC version of what followed is that this word passed through the Merrill Lynch personnel to a chosen few investors and that immediately thereafter these began to sell off their holdings in Douglas in the expectation that its value was about to drop.

Meanwhile, the regulatory agency said, other Douglas shareholders were left in the dark—indeed, Merrill Lynch continued to sell Douglas to anyone who wanted to buy, the SEC said.

The dumping lasted half a week—until June 24, when

Douglas publicly announced it might be faced with a no-profit year.

During the unloading, the SEC said, the large investors it has cited cleared their portfolios of 190,000 shares of the unwanted stock. An informed source said these shares sold for some \$4.5 million more than they would have brought if traded at the price that prevailed June 29.

The institutional investors cited included Fairfield Partners; J. M. Hartwell & Co.; J. M. Hartwell & Co., Inc.; Hartwell Associates; Park Westlake Associates; Van Strum & Towne, Inc.; Fleischer Becker Associates; A. W. Jones & Co.; A. W. U.S. Air Cavalry Battles Viet Reds North of Saigon

SAIGON (AP) — American air cavalrymen battled a sizable enemy force in the jungled infiltration corridor northwest of Saigon today while inside the capital Viet Cong rockets fell for the third time in two months, killing three civilians and wounding five.

U.S. headquarters said a stiff fight was under way 34 miles

northwest of the South Vietnamese capital and that so far 44 enemy soldiers had been killed. Jets, helicopter gunships and artillery were supporting the troops of the 101st Air Cavalry Division, who were battling in sweltering heat in an area of flooded rice paddies and verdant jungle just above a main highway leading to Saigon.

The battle began slowly Tuesday afternoon, slackened during the night as flareships lit the darkness and grew in pitch again today.

The size of the enemy force was not known, but the number of casualties and the tempo of the fighting indicated it was a sizable unit that may have been working toward Saigon for the third major enemy offensive of the year which the U.S. Command is still expecting. Increasing numbers of Viet Cong and North Vietnamese are known to be maneuvering in the northwestern corridor from the Cambodian border to Saigon, 75 miles away.

The rocket attack on Saigon was the third since Gen. Creighton Abrams assumed command of U.S. forces in mid-June and ordered massive efforts to secure the city after a period of daily rocket barrages against the capital.

Near midnight Tuesday infantrymen of the U.S. 199th Light Infantry Brigade spotted the flame trails of five 107mm rockets streaking toward Saigon.

American howitzers opened up on the enemy firing positions but the results were not known. The enemy gunners were firing from a maximum range of about seven miles from the marshes of the Rung Sat special zone, a wasteland.

The rockets hit a slum district on the southern edge of the city, blowing up one house and damaging two more. Four of the casualties were children.

U.S. Trade Shows Plus

WASHINGTON (AP) — United States exports topped imports by \$139 million in July, the Commerce Department reported today, reversing the deficit division that had been recorded in foreign trade the month before.

While there was an increase in exports, on a seasonally adjusted basis, the accompanying decline in imports was equally good news to government economists worried by the rising level of U.S. purchases from other countries.

Adjusted July exports and import figures were given as \$2.803 billion and \$2.664 billion, respectively.

The Johnson administration had been hoping for the traditional dominance of U.S. exports over imports to bolster the over-all balance of payments stance this year. The comparatively poor performance in foreign trade during 1968—when two months showed an actual deficit—has given the administration little hope that this will occur.

He blamed the supporters of Sen. Eugene J. McCarthy of "trying to disrupt this convention."

The majority report backs the Johnson administration's policies on Vietnam.

Hubert Gains 230 Votes For 1,166

CHICAGO (AP) — Switches by three favorite-son Southerners to Vice President Hubert H. Humphrey has propelled him to within 150 votes of the Democratic presidential nomination in The Associated Press poll of solid first ballot strength.

Texas, Tennessee and South Carolina joined Florida on Humphrey's rolling bandwagon Tuesday, and his strength leaped from 937½ in the morning to 1,166½ today.

A total of 1,312 votes are needed to win the nomination if all 2,622 are cast.

Large uncommitted blocks in New York, Illinois and New Jersey, Ohio and some Southern states hold the key to his hopes for a first ballot victory.

The AP poll is based on primary results, public pledges, results of caucuses and private AP delegate checks. It includes only solidly committed votes, not those leaning to a candidate.

Other candidates trailed far behind, picking up scattered votes only. The poll gave Sen. Eugene J. McCarthy 490½, Sen. George S. McGovern 52, with 179½ held by favorite sons, 17 scattered and 716½ still uncommitted.

WASHINGTON (AP) — The Securities and Exchange Commission has leveled fraud charges against Wall Street's biggest securities firm on grounds that it leaked a big money secret only to certain major investors.

The regulatory agency set no date Tuesday when it announced hearings would be held on charges by its staff against the nation's biggest and best known broker-dealer, Merrill Lynch, Pierce, Fenner & Smith.

Nine officers and five salesmen of the firm, as well as 15 institutional investors—the alleged receivers of the hot tip from Merrill Lynch—also were called on the carpet.

The investors included the

Madison Fund and Dreyfus Corp., two mutual funds.

"We are convinced that none of our people acted wrongfully and you can be sure we will defend our position vigorously," Merrill Lynch said in a statement issued in New York.

John Haire, chairman of Anchor Corp., into which Investors Management Co., one of the cited firms, was consolidated recently, said:

"To the best of our knowledge, we did not receive any nonpublic information regarding Douglas Aircraft from Merrill Lynch which was not available to us from other sources."

According to the SEC, Merrill Lynch was helping Douglas Aircraft Co. prepare a bond issue

when it learned the big plane-builder's earnings, contrary to earlier optimistic reports, were in bad shape.

The SEC version of what followed is that this word passed through the Merrill Lynch personnel to a chosen few investors and that immediately thereafter these began to sell off their holdings in Douglas in the expectation that its value was about to drop.

Meanwhile, the regulatory agency said, other Douglas shareholders were left in the dark—indeed, Merrill Lynch continued to sell Douglas to anyone who wanted to buy, the SEC said.

The dumping lasted half a week—until June 24, when

Douglas publicly announced it might be faced with a no-profit year.

During the unloading, the SEC said, the large investors, it has cited cleared their portfolios of 190,000 shares of the unwanted stock. An informed source said these shares sold for some \$4.5 million more than they would have brought if traded at the price that prevailed June 29.

To reward Merrill Lynch for sharing the secret with them, the SEC said, the favored customers, when making subsequent large transactions with other firms, would direct that the commissions be split, part going to Merrill Lynch.

In Wall Street parlance, this is a "give up," a practice the

SEC has already drawn a bead on in hearings it opened in July. The New York Stock Exchange, formerly a defender of give ups, announced recently it was prepared to see them banned.

Merrill Lynch personnel cited were Winthrop Lenz, chairman of the executive committee; Gillette K. Martin, senior vice president; seven vice presidents and five salesmen.

The institutional investors cited included Fairfield Partners; J. M. Hartwell & Co.; J. M. Hartwell & Co., Inc.; Hartwell Associates; Park Westlake Associates; Van Strum & Towne, Inc.; Fleschner Becker Associates; A. W. Jones & Co.; A. W. Jones Associates; City Associates; Burden Investors Services and William A. M. Burden & Co.

Credentials Hearings End In Partial Georgia Walkout

By THE ASSOCIATED PRESS
WASHINGTON (AP) — The Pentagon says construction and delivery of new swing-wing F111A and FB111 jets will be stretched out to save \$201 million this budget year toward the total \$6 billion federal spending cut ordered by Congress.

The stretchout will not delay initial deliveries of the planes to the Air Force, the Pentagon said Tuesday, but "will result in an extended force build-up."

The F111A jet fighter-bomber is the Air Force version of the old TFX warplane sought by former Secretary of Defense Robert S. McNamara. It is designed primarily for tactical air strikes.

The FB111, another TFX offshoot, is intended for delivery of nuclear bombs on long-range missions and is to succeed many of the Strategic Air Command's B52s. The Pentagon said an additional \$18 million is being saved this budget year by faster deactivation of seven F101 interceptor squadrons and the closing of Paine Field, Wash.

WASHINGTON (AP) — Atty. Gen. Ramsey Clark has told Life magazine it misinterpreted his comments on divulging information obtained by wiretapping and says they did not refer to Rep. Cornelius Gallagher.

Clark also said in a letter publicly released Tuesday that if the Justice Department had been concerned with the New Jersey Democrat's conduct since 1960, as the magazine said, it would not have hesitated to investigate or prosecute if evidence warranted federal action.

Fire Damages Home
Fire destroyed the inside of the home of Oscar Terry in Robtown about 3 a.m. Wednesday, according to a report filed by Deputy Sheriff Richard Clark.

The Terry family was away visiting friends in Columbus when the fire started. The flames began in the bedroom on the west side of the house, according to a Harrison Twp. fireman, whose unit, along with that of Commercial Point, answered the call.

Cause of the fire is still undetermined.

Tools Stolen
Tools and a tool box valued at \$125 were stolen from the car of Robert Rutherford, Route 3, between Saturday and Monday according to Rutherford.

Rutherford told sheriff's deputies that the tool box had been in the trunk of a car at the Circleville Auto-Truck Wrecking Co. When he went to get them Monday, they were gone.

The tools can be easily identified, according to the sheriff, who reports that his deputies are still investigating the theft.

any conditions and urging a cut-back in U.S. military activity in South Vietnam.

Wary delegates, chanting, "Let's go home, let's go home," forced the breakup of the convention before reaching a vote on Vietnam.

Convention Chairman Rep. Carl Albert of Oklahoma refused to accept the first motion to adjourn, and antiwar delegates drowned out the efforts of the next scheduled speaker to be heard, even though he was allied with them.

Chicago Mayor Richard J. Daley, the convention host, shouted threats to clear the convention galleries. He roared that he would not stand for "the balconies trying to take over this meeting." At Albert's invitation, Daley made the motion to adjourn.

McCarthy and McGovern forces hailed the adjournment as a victory. McGovern aide Frank Mankiewicz, press secretary to the late Sen. Robert F. Kennedy, shouted jubilantly, "We have 11 hours to get 80 votes," and said the insurgents were close to winning their platform battle.

But Southern favorite sons toppled like tenpins under pressure from the Humphrey camp to deliver most of their delegations. The vice president cashed in on Dixie sentiment that he was less objectionable as the party's nominee than either McCarthy or McGovern.

This meant for Humphrey the cementing of a Southern base similar to the one that supplied the margin for the Republican nomination of Richard M. Nixon two weeks ago.

Govs. John B. Connally of Texas, Buford Ellington of Tennessee and Robert McNair of South Carolina each endorsed Humphrey.

Mayor Daley, playing his role of convention master to the hilt, was in a position to give Humphrey a final shove toward a first ballot nomination if he chose to do so at an Illinois caucus today.

While some members of his 118-vote delegation still talked of a Kennedy draft, Daley said he took the 36-year-old senator at his word that he would not be a candidate. Even so, he said a Humphrey-Kennedy combination would offer a wonderful ticket.

In New York, there were indications the vice president would get as many as 100 of the state's 190 votes.

New surveys indicated Humphrey would take a majority of Ohio's 112 votes. Gov. Richard J. Hughes was standing by for an anticipated effort to swing most of New Jersey's 82 votes to Humphrey. Sen. Joseph S. Clark endorsed McGovern, but more than two-thirds of Pennsylvania's 130 votes were still headed for Humphrey.

5 Defendants Are Arraigned
CLEVELAND (AP) — Four Black nationalists made a brief appearance today in Cuyahoga County Common Pleas Court on charges of first degree murder in connection with the shooting deaths last month of three Cleveland policemen.

They were Fred Ahmed Evans 37, Leslie Jackson, 16, John Hardrick, 17, and Alfred Thomas, 18, all of Cleveland.

A fifth defendant, Lathan Donald, 20, also of Cleveland, was arraigned in his cell. He was injured in the July 23 gun battle which left 10 persons dead.

The five entered no pleas and Judge Harry Jaffe continued the hearing until Sept. 11 at the request of defense attorney Stanley Tolliver.

Judge Jaffe assigned Tolliver and another attorney whom he did not name, to defend the group.

Assignments, Slate Given For Jr. High

First day schedule for activities at Circleville Junior High School was announced today by J. L. Chilcote, principal.

An anticipated record number of students will report to their rooms by 8:15 a.m. Tuesday. School will dismiss the first day at 12:20 p.m. following a skeleton schedule of classes.

The cafeteria will not operate Tuesday but will be opened Wednesday.

Seventh grade students are to report to the auditorium on the first floor on arrival at the school Tuesday. Eighth graders are to report to any one of rooms 219, 218, 217, 216, 215, 214, 211, 210 or 205 on the second floor.

Ninth graders are divided according to last names. Students whose surnames begin with A through C should report to room 101; D through G to room 103; H through I to room 104; J through M to room 201; N through R to room 202; S through T to room 4 and U through Z to room 7.

\$100 Window Smashed at Noel's
A \$100 window at Noel's Restaurant South was shattered early Tuesday, according to Ted Noel, proprietor.

According to the report filed with the sheriff's department, the large four-by-nine foot window on the north side of the building was destroyed and glass was scattered as much as 30 feet from the frame.

Cause of the broken window is not known, but neighbors report that children have been seen playing by the restaurant after midnight for the last couple evenings.

The incident is still under investigation according to the sheriff's department.

HHH Controls

experts from New Hampshire to Oregon.

Nonetheless, on the issues that have already reached the floor the vice president has shown steady control.

Two votes—on the question of seating contested delegations from Georgia and Alabama found states such as Pennsylvania, New Jersey, Indiana, Ohio, Michigan and Illinois falling into line on the same side as South Carolina, Louisiana, Tennessee and Arkansas.

What they agreed on was ostensibly a matter of civil rights, the one issue that has driven a regional wedge through the Democratic party for a generation.

Even delegations from Puerto Rico, the Virgin Islands, Hawaii and the Panama Canal Zone voted with the Dixie delegates to defeat the challengers.

"When you get delegations like these to vote against the seating of black delegates, you know the convention is being controlled," said John Kenneth Galbraith, who is working for McCarthy. "This one is under the management of Hubert Humphrey and Larry O'Brien."

But in both votes, there was another consideration involved. Both challenging delegations were thick with McCarthy supporters. Seating them would not only have replaced Humphrey votes with McCarthy votes but also might have precipitated defections from the vice president in other states.

Put another way, Humphrey forces in the North scratched the South's back. The South, it is assumed, could be expected to return the favor nomination night.

The Georgia compromise, supported by Vice President Hubert H. Humphrey, was adopted on a voice vote. It seated all members of the regular delegation and a slate headed by Negro State Rep. Julian Bond, splitting the state's votes evenly between the two groups by giving each delegate a fractional vote.

But about 20 of the 64 regulars refused to sit alongside Bond's slate. They pushed their way off the convention floor, with one saying "we're going home."

A short time later, Gov. Lester Maddox said he had called upon State Democratic Chairman James Gray, his staff and the Georgia regulars "to vacate their places in the assembly."

Maddox, who with Gray had selected the regular delegates, resigned from the Georgia delegation a day earlier. But he said he still is a candidate for the Democratic presidential nomination.

Georgia cast separate votes on later roll calls—one by the Bond slate and the other by the remaining regulars.

NO TRAVEL RESTRICTIONS ON CZECHS — An Austrian guard looks the other way and a crowd of Austrians watches as a trio of Czechs walks into Austria at Berg. Soviet occupation forces are permitting Czechs to leave and enter their country at will, but Westerners are not being permitted to enter Czechoslovakia.

Czech National Assembly May Repudiate Agreement

PRAGUE (AP) — The Czechoslovak National Assembly today adopted a resolution demanding a firm deadline for the withdrawal of Soviet-led occupation troops and condemning the occupation as illegal.

Informants said the National Assembly also declared it could not ratify the Moscow agreement because it was reached under pressure.

There was no immediate report from a secret meeting of the Communist party Central Committee of its position on the Moscow accord that continues the occupation and has forced the Czechoslovak regime to rein up on its liberalizing program.

But sources indicated that opposition to the terms of the settlement was hardening rapidly despite appeals by Alexander Dubcek, the party leader, and President Ludvik Svoboda Tuesday for Czechoslovak understanding while they work to end the occupation.

Reformist sources said that Dubcek has been asked to deny rumors he yielded to Soviet demands to declare the special 14th party congress illegal. The congress met secretly last week and elected a liberal Central Committee replacing one that still included a strong conservative wing.

Informants said there was growing opinion that Dubcek should be voted out of office if he confirmed the rumor. This could result in two rival central committees with reformists holding membership in both.

Despite youthful protests and widespread resentment, most

Czechoslovaks appeared to be heeding their leaders' pleas not to provoke the occupation troops.

Soviet tanks remained in inconspicuous positions while road crews repaired the damage caused by Soviet tanks and cleared sidewalks of debris.

A thousand youths demonstrated in Prague Tuesday night against their government's agreement to the stationing of Soviet troops in the country and the curtailment of the new freedoms. "We do not want a compromise! We want to know the truth!" they shouted.

Some underground radio stations, broadcasting from secret locations, demanded that the accord be rejected.

"We refuse to recognize the agreement," the broadcasts said. "Let us not be humiliated or knuckle under."

A crowd in Prague's Wenceslas Square tore down pictures of the reformist leaders who since January had led the country away from 20 years of Stalinist-type rule but now have to reimpose restrictions under the pressure of 350,000 Soviet bloc occupation troops.

But along with these outbursts, the reaction of many others was one of angry resignation. An occasional shot was heard in Prague during the night, but on the whole the city was quiet.

Back from four days of negotiations in Moscow, Czechoslovak Communist party chief Alexander Dubcek called in a broadcast for trust "even if we shall have to carry out some special temporary measures restricting the degree of democratization, the freedom of speech we have already achieved. . . But I am asking

you to realize the times we live in."

TODAY In Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — The Pentagon says construction and delivery of new swing-wing F111A and FB111 jets will be stretched out to save \$201 million this budget year toward the total \$6 billion federal spending cut ordered by Congress.

The stretchout will not delay initial deliveries of the planes to the Air Force, the Pentagon said Tuesday, but "will result in an extended force build-up."

The F111A jet fighter-bomber is the Air Force version of the old TFX warplane sought by former Secretary of Defense Robert S. McNamara. It is designed primarily for tactical air strikes.

The FB111, another TFX offshoot, is intended for delivery of nuclear bombs on long-range missions and is to succeed many of the Strategic Air Command's B52s. The Pentagon said an additional \$18 million is being saved this budget year by faster deactivation of seven F101 interceptor squadrons and the closing of Paine Field, Wash.

WASHINGTON (AP) — Atty. Gen. Ramsey Clark has told Life magazine it misinterpreted his comments on divulging information obtained by wiretapping and says they did not refer to Rep. Cornelius Gallagher.

Clark also said in a letter publicly released Tuesday that if the Justice Department had been concerned with the New Jersey Democrat's conduct since 1960, as the magazine said, it would not have hesitated to investigate or prosecute if evidence warranted federal action.

Capital Footnote

The State Department says it has asked North Korea for another meeting at Panmunjom to discuss release of the U.S. intelligence ship Pueblo and its 82 surviving crew members but has received no response. The last meeting, the 19th, was held July 9.

Capital Quote

"I guess I'd like for all of our boys to be able to lay down their arms and come home to live in dignity without fear," President Johnson, asked while celebrating his 60th birthday at his Texas ranch to state a birthday wish.

Vandals Hit Local Cemetery

Children in Muhlenberg Twp. are reported to have been knocking over a large cast iron funeral urn in St. Annenberg Cemetery, according to the sheriff's department.

The sheriff reports that the children were identified and the parents warned not to let the children near the cemetery again.

Fire Damages Home

Fire destroyed the inside of the home of Oscar Terry in Robtown about 3 a.m. Wednesday, according to a report filed by Deputy Sheriff Richard Clark.

The Terry family was away visiting friends in Columbus when the fire started. The flames began in the bedroom on the west side of the house, according to a Harrison Twp. fireman, whose unit, along with that of Commercial Point, answered the call.

Cause of the fire is still undetermined.

Tools Stolen

Tools and a tool box valued at \$125 were stolen from the car of Robert Rutherford, Route 3, between Saturday and Monday according to Rutherford.

Rutherford told sheriff's deputies that the tool box had been in the trunk of a car at the Circleville Auto-Truck Wrecking Co. When he went to get them Monday, they were gone.

The tools can be easily identified, according to the sheriff, who reports that his deputies are still investigating the theft.

Credentials Hearings End In Partial Georgia Walkout

CHICAGO (AP) — The Democratic National Convention has wrapped up two days of hectic and often bitter floor fights over credentials by ratifying a Georgia seating compromise which triggered a walkout by about a

third of that state's delegations. The convention also dealt Sen. Eugene J. McCarthy's forces twin setbacks by rejecting McCarthy-backed attempts to unseat regular delegations from Alabama and North Carolina.

And before a sudden adjournment early today, the convention approved creation of a special subcommittee to propose reforms in delegate selection procedures—and thus find ways to avert credentials disputes like the ones that troubled this year's convention.

The Georgia compromise, supported by Vice President Hubert H. Humphrey, was adopted on a voice vote. It seated all members of the regular delegation and a slate headed by Negro State Rep. Julian Bond, splitting the state's votes evenly between the two groups by giving each delegate a fractional vote.

But about 20 of the 64 regulars refused to sit alongside Bond's slate. They pushed their way off the convention floor, with one saying "we're going home."

A short time later, Gov. Lester Maddox said he had called upon State Democratic Chairman James Gray, his staff and the Georgia regulars "to vacate their places in the assembly."

Maddox, who with Gray had selected the regular delegates, resigned from the Georgia delegation a day earlier. But he said he still is a candidate for the Democratic presidential nomination.

Georgia cast separate votes on later roll calls—one by the Bond slate and the other by the remaining regulars.

Sen. Kennedy

(Continued from Page 1)
any conditions and urging a cutback in U.S. military activity in South Vietnam.

Wary delegates, chanting, "Let's go home, let's go home," forced the breakup of the convention before reaching a vote on Vietnam.

Convention Chairman Rep. Carl Albert of Oklahoma refused to accept the first motion to adjourn, and antiwar delegates drowned out the efforts of the next scheduled speaker to be heard, even though he was allied with them.

Chicago Mayor Richard J. Daley, the convention host, shouted threats to clear the convention galleries. He roared that he would not stand for "the balconies trying to take over this meeting." At Albert's invitation, Daley made the motion to adjourn.

McCarthy and McGovern forces hailed the adjournment as a victory. McGovern aide Frank Mankiewicz, press secretary to the late Sen. Robert F. Kennedy, shouted jubilantly, "We have 11 hours to get 80 votes," and said the insurgents were that close to winning their platform battle.

But Southern favorite sons toppled like tenpins under pressure from the Humphrey camp to deliver most of their delegations. The vice president cashed in on Dixie sentiment that he was less objectionable as the party's nominee than either McCarthy or McGovern.

This meant for Humphrey the cementing of a Southern base similar to the one that supplied the margin for the Republican nomination of Richard M. Nixon two weeks ago.

Govs. John B. Connally of Texas, Buford Ellington of Tennessee and Robert McNair of South Carolina each endorsed Humphrey.

Mayor Daley, playing his role of convention master to the hilt, was in a position to give Humphrey a final shove toward a first ballot nomination if he chose to do so at an Illinois caucus today.

While some members of his 118-vote delegation still talked of a Kennedy draft, Daley said he took the 36-year-old senator at his word that he would not be a candidate. Even so, he said a Humphrey-Kennedy combination would offer a wonderful ticket.

In New York, there were indications the vice president would get as many as 100 of the state's 190 votes.

New surveys indicated Humphrey would take a majority of Ohio's 112 votes. Gov. Richard J. Hughes was standing by for an anticipated effort to swing most of New Jersey's 82 votes to Humphrey. Sen. Joseph S. Clark endorsed McGovern, but more than two-thirds of Pennsylvania's 130 votes were still headed for Humphrey.

5 Defendants Are Arraigned

CLEVELAND (AP) — Four Black nationalists made a brief appearance today in Cuyahoga County Common Pleas Court on charges of first degree murder in connection with the shooting deaths last month of three Cleveland policemen.

They were Fred Ahmed Evans 37, Leslie Jackson, 16, John Hardrick, 17, and Alfred Thomas, 18, all of Cleveland.

A fifth defendant, Lathan Donald, 20, also of Cleveland, was arraigned in his cell. He was injured in the July 23 gun battle which left 10 persons dead.

The five entered no pleas and Judge Harry Jaffe continued the hearing until Sept. 11 at the request of defense attorney Stanley Tolliver.

Judge Jaffe assigned Tolliver and another attorney whom he did not name, to defend the group.

\$100 Window Smashed at Noel's

A \$100 window at Noel's Restaurant South was shattered early Tuesday, according to Ted Noel, proprietor.

According to the report filed with the sheriff's department, the large four-by-nine foot window on the north side of the building was destroyed and glass was scattered as much as 30 feet from the frame.

Cause of the broken window is not known, but neighbors report that children have been seen playing by the restaurant after midnight for the last couple evenings.

The incident is still under investigation according to the sheriff's department.

Fire Strikes Darby Twp. Home

Fire struck the house rented by Earl LeMaster, Route 3, Mt. Sterling, Monday night, according to the Mt. Sterling Fire Department, which answered the call.

The fire was reported by a neighbor, Mrs. Harold Adkins. The LeMaster family was visiting friends in Circleville at the time.

Extent of the damage has not yet been determined, according to a report filed by Sheriff's Deputy Richard Clark, who covered the case.

HHH Controls

(Continued from Page 1)
experts from New Hampshire to Oregon.

Nonetheless, on the issues that have already reached the floor the vice president has shown steady control.

Two votes—on the question of seating contested delegations from Georgia and Alabama found states such as Pennsylvania, New Jersey, Indiana, Ohio, Michigan and Illinois falling into line on the same side as South Carolina, Louisiana, Tennessee and Arkansas.

What they agreed on was ostensibly a matter of civil rights, the one issue that has driven a regional wedge through the Democratic party for a generation.

Even delegations from Puerto Rico, the Virgin Islands, Hawaii and the Panama Canal Zone voted with the Dixie delegates to defeat the challengers.

"When you get delegations like these to vote against the seating of black delegates, you know the convention is being controlled," said John Kenneth Galbraith, who is working for McCarthy. "This one is under the management of Hubert Humphrey and Larry O'Brien."

But in both votes, there was another consideration involved. Both challenging delegations were thick with McCarthy supporters. Seating them would not only have replaced Humphrey votes with McCarthy votes but also might have precipitated defections from the vice president in other states.

Put another way, Humphrey forces in the North scratched the South's back. The South, it is assumed, could be expected to return the favor nomination night.

Assignments, Slate Given For Jr. High

First day schedule for activities at Circleville Junior High School was announced today by J. L. Chilcote, principal.

An anticipated record number of students will report to their rooms by 8:15 a.m. Tuesday. School will dismiss the first day at 12:20 p.m. following a skeleton schedule of classes.

The cafeteria will not operate Tuesday but will be opened Wednesday.

NO TRAVEL RESTRICTIONS ON CZECHS — An Austrian guard looks the other way and a crowd of Austrians watches as a trio of Czechs walks into Austria at Berg. Soviet occupation forces are permitting Czechs to leave and enter their country at will, but Westerners are not being permitted to enter Czechoslovakia.

Czech National Assembly May Repudiate Agreement

PRAGUE (AP) — The Czechoslovak National Assembly today adopted a resolution demanding a firm deadline for the withdrawal of Soviet-led occupation troops and condemning the occupation as illegal.

Informants said the National Assembly also declared it could not ratify the Moscow agreement because it was reached under pressure.

There was no immediate report from a secret meeting of the Communist party Central Committee of its position on the Moscow accord that continues the occupation and has forced the Czechoslovak regime to rein up on its liberalizing program.

But sources indicated that opposition to the terms of the settlement was hardening rapidly despite appeals by Alexander Dubcek, the party leader, and President Ludvik Svoboda Tuesday for Czechoslovak understanding while they work to end the occupation.

Reformist sources said that Dubcek has been asked to deny rumors he yielded to Soviet demands to declare the special 14th party congress illegal. The congress met secretly last week and elected a liberal Central Committee replacing one that still included a strong conservative wing.

Informants said there was growing opinion that Dubcek should be voted out of office if he confirmed the rumor. This could result in two rival central committees with reformists holding membership in both.

Despite youthful protests and widespread resentment, most

Czechoslovaks appeared to be heeding their leaders pleas not to provoke the occupation troops.

Soviet tanks remained in inconspicuous positions while road crews repaired the damage caused by Soviet tanks and cleared sidewalks of debris.

A thousand youths demonstrated in Prague Tuesday night against their government's agreement to the stationing of Soviet troops in the country and the curtailment of the new freedoms. "We do not want a compromise! We want to know the truth!" they shouted.

Some underground radio stations, broadcasting from secret locations, demanded that the accord be rejected.

"We refuse to recognize the agreement," the broadcasts said. "Let us not be humiliated or knuckle under."

A crowd in Prague's Wenceslas Square tore down pictures of the reformist leaders who since January had led the country away from 20 years of Stalinist-type rule but now have to reimpose restrictions under the pressure of 350,000 Soviet bloc occupation troops.

But along with these outbursts, the reaction of many others was one of angry resignation. An occasional shot was heard in Prague during the night, but on the whole the city was quiet.

Back from four days of negotiations in Moscow, Czechoslovak Communist party chief Alexander Dubcek called in a broadcast for trust "even if we shall have to carry out some special temporary measures restricting the degree of democratization, the freedom of speech we have already achieved. . . But I am asking

you to realize the times we live in."

Boy Scouts Hold Court of Honor

Twenty scouts, their parents and friends were present when Boy Scout Troop 52 held a Court of Honor Monday evening in the basement of the Community United Methodist Church.

Scouts Jeff Jones, Thomas Frericks, David Munson, Sidney Johnston, Philip Roll, Kenneth Yamarick, Richard Liston, R. N. Phillips, David Shank, James Bingman, Steve Throckmorton, Greg Roll, Bryan Weaver, Philip Kasler, James Shank, Jeff Harr, Mike Fuller, Mark Munson, Gary Munson, Mike Vaughan and John Myers were awarded a total of 75 merit badges.

David Cockrell was taken into the troop as tenderfoot and Sidney Johnston received his second class award. Three scouts, Bennett Seum, Richard Liston and Kenneth Yamarick, received star pins.

Mike Fuller received his life badge and John Myers was awarded the eagle gold palm. Presenting the awards were Mr. Myers, Mr. Shank, Mr. Munson and the junior leaders.

of serious heart fluttering.

The doctors said Tuesday's irregular heartbeats were occurring "to a varying degree."

Doctors said in answer to reporters' questions that it is impossible to tell when Eisenhower will cease to be considered critical.

He has suffered four heart attacks in less than four months, the first coming during a vacation in Palm Springs, Calif., April 29.

Eisenhower has had seven heart attacks, the first in 1955. Statistics show few men survive three, although Eisenhower doctors say new techniques are changing this.

Ohio and National Crime Rates Soar

WASHINGTON (AP) — If there are 100 people on your block chances are two of you will be murdered, raped, robbed or beaten in the coming year.

And if somebody pulls a weapon on you, it probably will be a gun.

These are key facts in the FBI's annual Uniform Crime Reports, a volume of data supplied by law enforcement agencies across the nation.

It was released Monday with a message from FBI Director J. Edgar Hoover calling for "great social action to prevent and abort more careers in crime."

One of the most startling statistics was the figure on crime for the decade, showing an 89 per cent increase in serious crime in the nation since 1960, with a rise in crimes of violence of 73 per cent.

Serious crime—there were more than 3.8 million serious offenses committed—rose 16 per cent in 1967 over 1966, the report said. Nearly 500,000 of these serious crimes were classified as crimes of violence.

Firearms were used in 63 per cent of all murders. In 1966, gun murders amounted to less than half—47 per cent—of all homicides. There were also 11 per cent more murders last year

than in the previous 12 months, the report said.

The police battling average in solving crime fell by 8 per cent, and Hoover expressed some concern over the reason the report gave for the slippage.

He blamed court decisions which he said restricted police investigative and enforcement practices, plus the increase in workload for police not related to crime, and understrength police forces.

Seventy-six policemen were killed by criminals in 1967. This was 19 more than 1966, and well above the annual average of 48.

The report shows that 157,486 persons in Ohio were victims of major crimes in 1967, compared to 120,648 in 1966. The national figure for 1967 was 3,802,273, an increase of 16.5 per cent over 1966.

The FBI said 1,506 of every 100,000 persons in the state fell victim to murder, rape, robbery, assault, burglary, larceny or auto theft in 1967.

The 1966 figure was 1,171 for every 100,000.

The number of major crimes in Ohio last year increased in all seven categories. Comparing totals (1967 first):

Murder and non-negligent manslaughter, 545-462; forcible rape, 1,073-963; robbery, 9,934-7,261; aggravated assault, 7,792-6,985; burglary, 63,540-50,567; larceny (\$50 and over) 40,546-30,188; auto theft, 34,056-25,267.

The FBI listed 11 metropolitan areas in Ohio which included cities and surrounding areas: Akron, Cincinnati, Cleveland, Columbus, Dayton, Lima, Lorain-Elyria, Mansfield, Steubenville-Weirton (W. Va.), Toledo and Youngstown-Warren. Canton was not listed separately.

Of these areas Cleveland had the highest number of reported crimes in 1967 — 39,445 — but Columbus had the highest crime rate — 2,234 per 100,000 population.

Here are the major areas listed in the report which the total number of major crimes committed in each in 1967 and (bracketed) the crime rate per 100,000 persons, as calculated by the FBI:

Akron, 14,422 (2,173); Cincinnati, 18,944 (1,372); Cleveland, 39,445 (1,914); Columbus, 19,333 (2,234); Dayton, 13,901 (1,708); Lima, 2,119 (1,264); Lorain-Elyria, 3,032 (1,187); Mansfield, 1,839 (1,409); Steubenville-Weirton, 1,466 (875); Toledo, 12,754 (1,902) and Youngstown-Warren, 7,412 (1,370).

Try and Stop Me

By BENNETT CERF

THE SON of wealthy parents, dining with his mother just before graduating ceremonies at his college assembly hall, begged her please not to interfere when he sallied forth into the business world. "Remember, Mom," he cautioned her, "I'm determined to become the boss' son on my own."

Has the story reached you yet about the pilot of the big jet-liner who was sailing along on the automatic controls, but had forgotten to turn off the intercom? Relaxing in his seat, he remarked amiably to the co-pilot, "All I need now is a cup of hot coffee, some cookies, and a beautiful blonde." The passengers perked up, several registered astonishment, and a young stewardess rushed forward to tell the intercom was on. As she opened the door to the forward section, a sweet little old lady pulled at her skirt and reminded her, "You forgot the cookies and coffee!"

With politicking very much the order of the day, pundits are recalling some of the extraordinary statements made on TV or the radio in previous campaigns. A few examples: 1. "Vote for me and I'll roll up my hands and go to work." 2. "What I'm telling you about my distinguished opponent is more truth than poultry." 3. "The great senator of this sovereign state who introduced me this evening has said such flattering things about me that I feel like the fifth wheel on a horse." 4. "Our rally tomorrow night will be a great show. Don't miss it if you can."

Speaking of Your Health

By Lester L. Coleman, M.D.

What is the operation for a deviated septum of the nose and is it ever successful?

The septum is a wall of cartilage and bone that separates one side of the nose from the other. It is covered by a fine layer of mucous membrane and rarely, if ever, is found to be completely straight. Almost always there is some deflection of the septum.

Only when the nasal septum is markedly bent or deflected and when it interferes with normal breathing and the free passage of air should surgery ever be performed.

There are few more gratifying operations than the submucous resection of the nasal septum, the term used for operating on and straightening this crooked, dividing wall. When cases are carefully chosen, the operation can be done under local anesthesia and give better air space to noses that have for years been blocked.

Too often, patients will say, "I had an operation on my septum and it did not do me any good." The reason for this statement of disappointment may be that the patient had not been told completely the exact reasons for the surgery and the presence of other causes for nasal obstruction.

Chronic infection of the sinuses and nasal allergy may be responsible for persistent blockage of the nose even though a well-performed operation had been done on the nasal septum.

The operation is a highly successful one especially when the other obstructing factors are treated afterwards.

Can an injury to the breast during menstruation or pregnancy cause a cancer?

A single injury to the breast rarely, if ever, is the cause of cancer during any phase of the menstrual cycle or during pregnancy. When any type of cyst or tumor, benign or malignant, is found in the breast, women tend to identify it with some injury that may have occurred. The chances are very unlikely that there was any relationship between the two.

The Business World

By JOHN CUNIFF

NEW YORK (AP) — Signs of an economic downturn that were supposed to be flashing like traffic lights by now still haven't been seen even by economists who claim 20-20 vision.

All the indicators remain high. Spending, income, employment and so on continue at high levels. The Gross National Product is somewhere around \$860 billion and growing, and mortgage rates haven't come down.

Though it is still too early to worry, some economists are a bit edgy. The lack of clear evidence of effects from the tax increase is beginning to cause a re-examination of data by economists of almost every persuasion. Some are tending to shift their views a bit.

As a result, there is a growing feeling that although an inevitable slowdown is coming, the time and size might be different from what was expected.

The most curious aspect of this no-signal that the economy is now traveling is consumer spending. Although higher taxes have cut into take home pay, people have continued to spend freely. Retail sales in July were very strong.

There are several explanations for this: a desire to buy automobiles before prices rise, a tendency to spend with abandon in this vacation atmosphere, and simply the inability to suddenly change old spending habits.

If consumer spending continues to ignore the tax increase, however, a few estimates are going to look very, very bad. And the present trend indicates consumers will continue to spend heavily for many more weeks.

The explanation of this is found in the very high rates of personal savings in the second quarter of the year, some 7.7 per cent of take home pay. For a man with after-tax pay of \$100 that means \$7.70 a week or \$400 a year in the bank.

A survey by Sindlinger & Co. tends to confirm this view that the consumer is well prepared for a reduction in his buying power.

This month Sindlinger found that more than 48 per cent of all consumers felt that their savings-debt ratio had improved in the past six months. They were paying bills and banking at the same time. Now they are financially secure enough to continue spending.

Sometime before winter, however, the consequences of the \$16 billion double dose of a cut

in government spending and an increase in taxes will begin to slow the boom, and maybe even end it. But when, and with what impact?

This is where the argument now lies. No longer do economists disagree much on whether the double dose was needed. The cleavage of opinion is over the result: Will it be a slowdown or will there be a recession?

Even at this early date some men in government and in private endeavors have suggested that the 10 per cent surcharge on corporate and personal income taxes should be extended beyond its June 30, 1969 cutoff date.

The downturn is coming, for sure, but the consumer, the war, the politicians and that mysterious ingredient called the mood of the nation are making it very difficult to say where the economy will be next month or next year.

According to Boyle

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

The two most frustrated occupational groups in America today are housewives and ministers. They share—and probably justly so—a feeling that they perform a useful role the importance of which isn't fully appreciated by the rest of society.

Ever notice that most people who brag they never buy anything except at wholesale usually have a seedy look?

Now is the time to start thinking about which deserving friends you can present those unworn Christmas ties that your Aunt Martha gave you last year.

Life for college presidents was simpler when all that students did to get attention was swallow goldfish, or go on panty raids, or see how many could crowd into a phone booth.

Girls are funny. Call one under 115 pounds a "broad," and she giggles. But if you apply that slangy term to one over 130 pounds, she'll put you on her drop-dead list for a favor.

It is time for a man to give up martinis when he starts asking the bartender to leave out the olive because it takes up too much space.

Show me a husband who enjoys having his wife read aloud his old love letters to her, and I'll show you an insufferable egotist.

A fellow never knows how little experience is really worth until he lists that as his main qualification when applying for a new job.

Today we have many wonder drugs but few wonder politicians. A wonder politician is one who could carry out his promises to make a better life for us all—and do it without inflicting a new tax or raising an old one.

One way to avoid the divorce courts is for a fellow to be sure to go through his pockets himself the night before his wife sends his suit out to be cleaned.

We have decided it is more restful to remain a cultural illiterate than to become a member of the intelligentsia—if it does so requires one to read the poetry of Allen Ginsberg, defend mad art, and be able to explain what Andy Warhol stands for.

People love to complain about their problems, but are usually more stimulated than destroyed by them. If a man has no troubles to overcome, no dangers to surmount, no barriers to break through, how can he prove he's a hero? It is also better to have a choice of problems to worry about, as one problem can become too boring. That's why a dog with two fleas leads a far more interesting life than a dog with but a single flea nor no fleas at all.

If the Democratic convention in Chicago reminds you in a depressing way of the Republican antics you saw recently in Miami Beach, you can blame it on one of television's key faults—too many summer reruns.

The Non-Communist Left

By JOHN CHAMBERLAIN

CHICAGO — When the Soviets sent their tanks into Czechoslovakia, it signified that they have only a marginal interest in the 1968 American elections. Nixon or Humphrey, it makes no difference to them. If they had wanted to help Senators Gene McCarthy and George McGovern make a splash here as potential "peace" nominees, forcing Humphrey to the left, they would hardly have chosen this moment to stage such a frightening show of naked power against a Warsaw Pact country that was only trying to catch up with other East European nations in breaking the bottlenecks of a choked economy.

The Czech crisis has hurt the "peace" candidates tremendously. For one thing, it has helped stimulate the revival of the old crusading non-Communist left that went underground during the long period when it was considered "McCarthyism" — Joe McCarthyism, of course — to speak a word of distrust of Soviet intentions. In a reversion to the days of the late forties, when even Professor Arthur Schlesinger distrusted the idea of "detente," something called the Coordinating Center for Democratic Opinion (home office, 441 Lexington Ave., New York City) is circulating an advertisement couched as a "Letter to Senator McCarthy" here at Chicago that directs some mighty uncomfortable questions at the leading "peace" candidate.

The sponsors of the advertisement include Professor Sidney Hook of New York University, Louis Stulberg, president of the International Ladies Garment Workers Union, Murray Baron of the New York Liberal Party, Chancellor Harry Gideonse of the New School for Social Research and other prominent figures in the universities and law schools. This is the old Committee for Cultural Freedom of the late forties and early fifties revived. The letter, circulated among the delegates, could prove the clincher in moving East European ethnic groups to support Humphrey even though they may not like our embroilment in Vietnam.

The non-Communist left intellectuals are not mad at McCarthy, they are only "frankly puzzled" by him. They don't like his assertions that "the United States is misguidedly waging a 'holy war' against Communism."

In a rhetorical flourish that McCarthy will have a difficult time answering, the non-Communist left intellectuals ask: "Has not the United States, in the sixties, been making considerable efforts to improve relations with the less bellicose Communist states (much to the outrage of the John Birch Society and other right-wing extremists)? Does Czechoslovakia by the Soviet Union (to prevent Czechoslovakia from adopting even a moderate form of Communism) show the mistake of prematurely announcing that the danger from Communism is over, as has been periodically announced for the last fifty years?"

This column, which regards the whole idea of democratic socialism as a contradiction in terms, has never had any trust in the efforts to "build bridges" to the "less bellicose" Communist states.

Tactical maneuvers are permissible but we should never lose sight of the fact that where "socialism" succeeds, as in Britain, the Scandinavian countries and Great Society America, it is always in direct proportion to the amount of capitalist freedom that it permits. Some one must provide the tax money for welfare. But this is a theoretical argument that does not change the objective fact which the non-Communist left intellectuals throw at Senator McCarthy: We gave up pursuit of a "holy war" against Communism more than ten years ago. Anti-Communists have been in the dog house since the end of the Joe McCarthy era.

The hysteria about Bad Joe was, of course, artfully stimulated by people who should have known better. Joe McCarthy never hurt anybody except Professor Owen Lattimore and a few Hollywood hatchet men for Communist causes. Anyone who wants to weep for these is welcome to the English language without regard to fine shades of distinction and made elementary mistakes in arithmetic. It was easy to make a monkey out of Joe. But it was never very intelligent to transform a monkey into a devil. In turning anti-Joe McCarthyism into a "holy war" on its own, the Left in this country made it impossible to see the Soviet Union plain. We have suffered much because of it.

It is too much to hope that the blinders have at last been removed? The emergence of the old Committee for Cultural Freedom non-Communist left intellectuals from their storm cellars could be a portent. We shall know much more before this convention is over.

Puppet Shows Popular

By GENE HANDSAKER
(For Bob Thomas)
AP Television-Movie Writer

HOLLYWOOD (AP) — The ancient art of puppetry—thought by some to have originated thousands of years ago with the Chinese—has been very good to two brothers of Greek ancestry.

Sid and Marty Krofft operate what they call "the world's first and only show business factory."

"We are absolutely unique," claimed Sid, 40, who's shaggy-haired, mod-clad and vaguely resembles Victor Mature, as he led the way about their sprawling plant.

"You as a producer walk in. We take your project and develop it entirely—costumes, props, scenery, special effects, animation, music, everything."

Walt Disney's creators appear to be the nearest thing to the Kroffts, but they work only on Disney projects.

Krofft Enterprises, Inc., employs more than 100 artisans, entertains about 36,000 people a day at shows in Georgia and Texas and will gross this year about \$1 million. Their main customers are amusement parks, tourist attractions, advertisers and television sponsors. They're costuming a man as Tony the breakfast-food tiger for new commercials.

Mostly the Kroffts think big. Sketches show how one developer will turn the top three decks of the liner *Queen Mary* into a sort of glamorous Disneyland at nearby Long Beach. A cigar-chewing Paul Bunyan gets mechanical innards that will swing his ax at terrified customers on an Eastern amusement park's thrill ride.

The brothers started as fifth-generation puppeteers. Sid was born in Athens, where in the 1700s, their great-grandfather Peter opened a theater that launched the Kroffts as masters of the marionette throughout Europe for 200 years.

Marty was born in Montreal, and by 1960 the brothers were doing a supporting act in Las Vegas, where bare-breasted French revues had become popular. Sid told his brother: "Let's do a puppet show like the 'Follies.'"

They borrowed \$25,000, including \$5,000 from their butcher, to create and costume 3-foot-high showgirl puppets for a program they called "Les Poupées de Paris" (The Dolls of Paris).

The adults-only show played to 40,000 in five months in a small San Fernando valley theater. It moved to the Seattle world's fair, where Time magazine called it "the smash hit"; to P.J.'s, a Hollywood night club, for four years, and to the New York world's fair. Road companies took it to various cities, and an "original cast album" has grossed about \$12 million.

The Soviets are pushing cosmetics. Especially rouge.

Cosmetics are under the Soviet Food Ministry, which announces "per capita consumption is growing rapidly." Evidently a lot of Russians like the idea of taking a powder.

The Soviet Food Ministry is modernizing cosmetics. No more perfume named "The Fifth All-Union Day of Soviet Railroadman," whether they need it or not.

The Soviets export perfume to more than 30 nations. Nothing to sniff at.

The Soviets make toothpaste advertised to prevent cavities. You can't get much more capitalistic than that.

No Children Are THAT Mature

DEAR ABBY: My wife and I have been divorced for 2 years. We have two very mature and sophisticated children, a boy, 10, and a girl, 12, who live in New York with their mother.

I have a very nice beach home in southern California, and I have a ladyfriend living with me. My ex-wife is aware of this but my children are not.

In our settlement, my wife agreed to let me have the children for 2 weeks in the summer. Now she refuses to send them to me because she doesn't want them to visit a father who is living "in sin" with another woman.

I say, "Children should be taught the realities of life, and I don't intend to put up any phony puritanical front." My ladyfriend is not a cheap floozy. She's a fine European woman with sufficient charm and intelligence to hold a man without insisting on marriage, which is more than can be said of most American women.

How can I make my ex-wife see it my way? I miss my children.

Kid, if I were you, I'd get down on my hands and knees and thank God for such a mother. If you think it's fun to do what you please, you've got another thought coming. It isn't what it's cut up to be. At 13, my mother never cared what I did or what I looked like. And where did it get me? At 18 I am married, divorced and have two small babies. I am living in a dump and have nothing but a hot, dirty office to look forward to each day.

Be thankful you have a mother with more sense than I had. Sign me ...

Living Costs Leap Again During July

WASHINGTON (AP) — Living costs rose one half of one per cent in July, matching the June jump and recording the sharpest two-month increase in 11 years, the Labor Department reported today.

A steep climb in home mortgage interest rates and medical care charges accounted for much of the rise. Food prices also rose, but less than usual for July.

The July consumer price index at 121.5 was 4.3 per cent

higher than a year ago. The index means that it now costs \$12.15 to buy the package of typical family needs which cost \$10 in the base period, 1957 to 1959.

Department officials said indications are, however, that living costs could taper off in August and that the rise will slow down over the remaining months of this year.

The wholesale price index increased four-tenths of one per

cent in July to 109.1 which was 2.4 per cent higher than it was last year. Most of the wholesale price increase resulted from higher prices for farm products and foods.

Preliminary indications are for a drop in August wholesale prices with declines in farm products and a moderate reduction for processed foods and feeds leading the way, the department said.

Drainage Ditch Maintenance Is Emphasized

"Drainage problems on the farm are not normally apparent in August," says Don Archer, conservationist for the U.S. Soil Conservation Service in Circleville. "However, the need for drainage ditch maintenance is ever present and now is a good time to plan for it," Archer emphasized.

Clearing brush and trees from a ditch is at times the major factor in maintaining good drainage in an otherwise acceptable drainage channel. If vegetative growth has not been kept under control by a program of regular mowing or spraying, it is advisable to set aside sufficient time this fall or winter to do this clearing chore. It will result in more money in the pocket next year at planting time and throughout the growing season in terms of earlier planting and greater production.

Where drainage ditch maintenance involves re-excavation, a greater degree of planning is required than for cleaning alone," Archer emphasized. Engineering surveys are required to determine the extent of the improvement and the depth and width of the cleanout necessary. Plans for the protection of the tile outlets and surface water inlets must also be considered.

The problem may involve more than one land owner. An earth moving contractor will be needed. All of these things require coordination and cooperation of several people.

"Your local Pickaway Soil and Water Conservation District can be of assistance in your drainage ditch maintenance problems," says Archer.

Drainage Ditch Maintenance Is Emphasized

"Drainage problems on the farm are not normally apparent in August," says Don Archer, conservationist for the U.S. Soil Conservation Service in Circleville. "However, the need for drainage ditch maintenance is ever present and now is a good time to plan for it," Archer emphasized.

Clearing brush and trees from a ditch is at times the major factor in maintaining good drainage in an otherwise acceptable drainage channel. If vegetative growth has not been kept under control by a program of regular mowing or spraying, it is advisable to set aside sufficient time this fall or winter to do this clearing chore. It will result in more money in the pocket next year at planting time and throughout the growing season in terms of earlier planting and greater production.

"Where drainage ditch maintenance involves re-excavation, a greater degree of planning is required than for cleaning alone," Archer emphasized. Engineering surveys are required to determine the extent of the improvement and the depth and width of the cleanout necessary. Plans for the protection of the tile outlets and surface water inlets must also be considered.

The problem may involve more than one land owner. An earth moving contractor will be needed. All of these things require coordination and cooperation of several people. "Your local Pickaway Soil and Water Conservation District can be of assistance in your drainage ditch maintenance problems," says Archer.

CHS BAND — The 1968 edition of the Circleville High School Marching Band will make its debut 8 p.m. Friday at the annual Band Mothers Preview. The Preview, held at the high school football field, is the main fund raising function of the Band Mothers. Money derived from the annual event is earmarked for the purchase of uniforms.

Clark County Delegate Dislikes Convention Process

By **DON BANDY**
Associated Press Writer
CHICAGO (AP) — Herbert C. Wolf is an Ohio delegate to the Democratic National Convention a county party chairman—and a theologian whose "Christian convictions" led him into politics.

"I became involved because that's where the action is," Wolf explained. "A lot of clergy are moving into politics, civil rights and related areas."

After sitting through the first two days of his national convention, Wolf said Tuesday night he had some "real doubts about the whole convention process."

"We need to do more than just streamline the convention. This is nothing but chaos here," he said.

The tall, lanky Wolf, a professor of theology at Wittenberg University in Springfield, Ohio, suggested the possibility of a national primary for both parties and perhaps a national convention every two years "to shift the direction of the party if necessary."

"We ought to meet at least every two years to take the pulse of the party," he added. A supporter of Sen. Eugene J. McCarthy for the presidential

nomination, Wolf lashed out at Chicago Mayor Richard J. Daley, calling him a "19th century political ruler."

"We had the opportunity to move this convention somewhere else but we yielded to him (Daley)," Wolf said, terming Chicago a police state with the thousands of police, National Guardsmen and soldiers on duty.

"The demonstrators have been given the runaround, and so have many others, including the news media," Wolf said.

"I'm essentially sympathetic with the youngsters," he went on, "but I admit many of them are 'way out.' But let's at least be happy that they are involved."

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

Temperatures fell into the 40s overnight under clear skies. The 45 reported in Cleveland at 2:30 a. m. established a record low for this date. The previous record was 46 in 1941.

The cool, dry high pressure system which has been the dominating feature in the Ohio weather was centered over the upper Great Lakes on the morning weather map. It will continue to move very slowly eastward and will continue to bring fair weather to Ohio through Friday.

Tonight's lows will range from the mid 40s to the lower 50s. High readings Thursday will be in the upper 70s and lower 80s.

Friday's outlook is for continued fair weather and slightly higher temperatures.

FORECASTS

OHIO — Sunny and a little warmer today and Thursday. Clear and very cool again tonight, lows in the upper 40s and the lower 50s.

NORTHWEST, NORTHEAST — Clear and cool tonight, lows from the upper 40s to the 50s. Sunny and warmer Thursday.

SOUTHWEST, CENTRAL, SOUTHEAST OHIO — Clear and cool again tonight, lows in the 50s. Sunny and warmer Thursday.

OHIO FIVE-DAY FORECAST

Temperatures will average normal or a little below normal Thursday through Monday with highs near 80. A slow warming later this week probably will carry into next week. Nighttime lows will run from 55 to 60. Scattered showers early next week expected to average less than .1 inch.

Man Convicted In Murder Case

CINCINNATI (AP) — A jury convicted Hershel Colbert of Cincinnati Tuesday of first-degree murder in the March 20 shooting of his estranged wife Delores, but recommended mercy.

Judge John W. Keefe of Hamilton County Common Pleas Court set sentencing for Sept. 5 for the 24-year-old man.

Mrs. Colbert, 22, was wounded at her mother's home March 20 and Colbert's counsel claimed the shooting was accidental.

Spark of Czech Resistance Still Alive

Editor's Note: After Soviet troops invaded Czechoslovakia last week, AP Correspondent Gene Kramer drove from Vienna to Prague and toured the countryside around the Czechoslovak capital. Now back in Vienna, he reports on the resistance of the people to the Soviet occupation.

By **GENE KRAMER**
Associated Press Writer

VIENNA (AP) — Often regarded as the more docile and pragmatic of the Slavic peoples the Czechs and the Slovaks wrote a new chapter last week in the chronicle of resistance to threats of force.

Their conduct during a week of occupation and their first reaction to the agreement in Moscow between the Soviet leaders and the men from Prague suggests that some resistance may continue.

On a 300-mile drive through occupied Czechoslovakia I saw

anti-Soviet sentiment to a degree that would have been unthinkable a year ago.

Hundreds of Czechs, 15 to 40, have been parading the past week in Wenceslas Square, the

Mrs. Jim Brown Seeks Divorce
CLEVELAND (AP) — Sue Brown, wife of former Cleveland Browns fullback Jim Brown today filed a petition for divorce in Cuyahoga County Common Pleas Court alleging gross neglect of duty.

In her petition Mrs. Brown sought custody of their three children, alimony and support for the children and to be allowed to keep her Cleveland home.

Mrs. Brown said her husband, now a movie actor, is making a film in Spain.

The Browns were married Sept. 24, 1959.

center of Prague, hooting and shaking their fists at Soviet tank crews.

During one of the demonstrations, a retired factory foreman told me proudly: "Look at them, they are our youth. A whole generation that grew up under socialism and was taught to regard the Russians as brothers. But in one week, all is changed. This is something for the whole world to think about."

At Frantiskovy Lasne, near the German border, a cook said: "The resistance we are putting up is not new to us. Our fathers used it against the Germans. And now the Russians have taken the place of the Germans in our hearts."

He pointed to posters showing a swastika and Russian star superimposed and the symbol for the dreaded German S. Hitler's elite guard, scrawled over the U.S.S.R.

Using classic tricks of the

French Resistance against the Nazis, the Czechoslovaks overnight turned their country into a jungle of towns and streets with

CBS Newsman Knocked Down

CHICAGO (AP) — A Columbia Broadcasting System newsman, trying to interview a Georgia delegate apparently being hauled by guards from the floor of the Democratic National Convention, was knocked down himself in a brief melee.

"We tried to talk to the man, and we got bodily pushed out of the way," Dan Rather reported to a national TV audience.

"This is the kind of thing that's been going on outside the hall. This is the first time we've had it happen inside the hall."

Rather said when he tried to talk to the delegate the security guards "put me on the deck—I didn't do very well."

No Injuries Yet

SEATTLE (AP) — A Seattle policeman, reporting an automobile accident to his radio dispatcher, said: "I have an accident here with an argument. There are no injuries—yet."

no names and road signs. From the northwest corner of Czechoslovakia to Ceske Velenice, on the Austrian border, this reporter did not see a single crossroads with highway markers giving correct directions. They were either reversed, blanked out or replaced with "Moscow" in Russia's Cyrillic lettering.

Near Karlovy Vary, anyone following the signs to Prague wound up at the German border. Not a map was on sale. Even in the center of Prague Soviet tank drivers huddled over their charts with bewildered looks.

Wherever the Russians move they encounter unmistakable hostility. People turn their backs on the occupation forces; signs in shops warn that they won't be served.

Associated Press Writer

CHICAGO (AP) — Herbert C. Wolf is an Ohio delegate to the Democratic National Convention and a theologian whose "Christian convictions" led him into politics.

"I became involved because that's where the action is," Wolf explained. "A lot of clergy are moving into politics, civil rights and related areas."

After sitting through the first two days of his national convention, Wolf said Tuesday night he had some "real doubts about the whole convention process."

"We need to do more than just streamline the convention. This is nothing but chaos here," he said.

The tall, lanky Wolf, a professor of theology at Wittenberg University in Springfield, Ohio, suggested the possibility of a national primary for both parties and perhaps a national convention every two years "to shift the direction of the party if necessary."

"We ought to meet at least every two years to take the pulse of the party," he added.

A supporter of Sen. Eugene J. McCarthy for the presidential

nomination, Wolf lashed out at Chicago Mayor Richard J. Daley, calling him a "19th century political ruler."

"We had the opportunity to move this convention somewhere else but we yielded to him (Daley)," Wolf said, terming Chicago a police state with the thousands of police, National Guardsmen and soldiers on duty.

"The demonstrators have been given the runaround, and so have many others, including the news media," Wolf said.

"I'm essentially sympathetic with the youngsters," he went on, "but I admit many of them are 'way out'. But let's at least be happy that they are involved."

Spark of Czech Resistance Still Alive

Editor's Note: After Soviet troops invaded Czechoslovakia last week, AP Correspondent Gene Kramer drove from Vienna to Prague and toured the countryside around the Czechoslovak capital. Now back in Vienna, he reports on the resistance of the people to the Soviet occupation.

By GENE KRAMER
Associated Press Writer

VIENNA (AP) — Often regarded as the more docile and pragmatic of the Slavic peoples the Czechs and the Slovaks wrote a new chapter last week in the chronicle of resistance to threats of force.

Their conduct during a week of occupation and their first reaction to the agreement in Moscow between the Soviet leaders and the men from Prague suggests that some resistance may continue.

On a 300-mile drive through occupied Czechoslovakia I saw

anti-Soviet sentiment to a degree that would have been unthinkable a year ago.

Hundreds of Czechs, 15 to 40, have been parading the past week in Wenceslas Square, the

**Mrs. Jim Brown
Seeks Divorce**

CLEVELAND (AP) — Sue Brown, wife of former Cleveland Browns fullback Jim Brown today filed a petition for divorce in Cuyahoga County Common Pleas Court alleging gross neglect of duty.

In her petition Mrs. Brown sought custody of their three children, alimony and support for the children and to be allowed to keep her Cleveland home.

Mrs. Brown said her husband, now a movie actor, is making a film in Spain.

The Browns were married Sept. 24, 1959.

center of Prague, hooting and shaking their fists at Soviet tank crews.

During one of the demonstrations, a retired factory foreman told me proudly: "Look at them, they are our youth. A whole generation that grew up under socialism and was taught to regard the Russians as brothers. But in one week, all is changed. This is something for the whole world to think about."

At Frantiskovy Lasne, near the German border, a cook said: "The resistance we are putting up is not new to us. Our fathers used it against the Germans. And now the Russians have taken the place of the Germans in our hearts."

He pointed to posters showing a swastika and Russian star superimposed and the symbol for the dreaded German S, Hitler's elite guard, scrawled over the U.S.S.R.

Using classic tricks of the

French Resistance against the Nazis, the Czechoslovaks overnight turned their country into a jungle of towns and streets with

**CBS Newsmen
Knocked Down**

CHICAGO (AP) — A Columbia Broadcasting System newsmen, trying to interview a Georgia delegate apparently being hauled by guards from the floor of the Democratic National Convention, was knocked down himself in a brief melee.

"We tried to talk to the man, and we got bodily pushed out of the way," Dan Rather reported to a national TV audience.

"This is the kind of thing that's been going on outside the hall. This is the first time we've had it happen inside the hall."

Rather said when he tried to talk to the delegate the security guards "put me on the deck—I didn't do very well."

No Injuries Yet

SEATTLE (AP) — A Seattle policeman, reporting an automobile accident to his radio dispatcher, said: "I have an accident here with an argument. There are no injuries—yet."

no names and road signs. From the northwest corner of Czechoslovakia to Ceske Velenice, on the Austrian border, this reporter did not see a single crossroads with highway markers giving correct directions. They were either reversed, blanked out or replaced with "Moscow" in Russia's Cyrillic lettering.

Near Karlovy Vary, anyone following the signs to Prague wound up at the German border. Not a map was on sale. Even in the center of Prague Soviet tank drivers huddled over their charts with bewildered looks.

Wherever the Russians move they encounter unmistakable hostility. People turn their backs on the occupation forces; signs in shops warn that they won't be served.

TRUCK DRIVER BURNED TO DEATH—Identified as John McCarty, 24, Akron, Ohio, the driver perished when his gasoline truck jack-knifed on I-271 and caught fire at Pepper Pike, Ohio. The truck was carrying 7,000 gallons of fuel.

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

Temperatures fell into the 40s overnight under clear skies. The 45 reported in Cleveland at 2:30 a. m. established a record low for this date. The previous record was 46 in 1941.

The cool, dry high pressure system which has been the dominating feature in the Ohio weather was centered over the upper Great Lakes on the morning weather map. It will continue to move very slowly eastward and will continue to bring fair weather to Ohio through Friday.

Tonight's lows will range from the mid 40s to the lower 50s. High readings Thursday will be in the upper 70s and lower 80s. Friday's outlook is for continued fair weather and slightly higher temperatures.

FORECASTS

OHIO — Sunny and a little warmer today and Thursday. Clear and very cool again tonight, lows in the upper 40s and the lower 50s.

NORTHWEST, NORTHEAST, CENTRAL OHIO — Clear and cool tonight, lows from the upper 40s to the 50s. Sunny and warmer Thursday.

SOUTHWEST, CENTRAL, SOUTHEAST OHIO—Clear and cool again tonight, lows in the 50s. Sunny and warmer Thursday.

OHIO FIVE-DAY FORECAST

Temperatures will average normal or a little below normal Thursday through Monday with highs near 80. A slow warming later this week probably will carry into next week. Nighttime lows will run from 55 to 60. Scattered showers early next week expected to average less than .1 inch.

Man Convicted In Murder Case

CINCINNATI (AP) — A jury convicted Hershel Colbert of Cincinnati Tuesday of first-degree murder in the March 20 shooting of his estranged wife Delores, but recommended mercy.

Judge John W. Keefe of Hamilton County Common Pleas Court set sentencing for Sept. 5 for the 24-year-old man.

Mrs. Colbert, 22, was wounded at her mother's home March 20 and Colbert's counsel claimed the shooting was accidental.

Camp Willson Offers Chance "To Get Away"

A crystal clear glaciated lake where a moose skeleton was found in the depths; 400 thickly wooded acres with wildlife in abundance — an ideal place for a YMCA boys' camp.

Such is Camp Alfred Willson near Bellefontaine where six Pickaway County youngsters recently spent a week in the grasp of Mother Nature.

Camp Willson is operated through the Columbus Metropolitan Branch of the YMCA. Pickaway County's affiliation with the Columbus branch enables county youngsters to attend the camp.

The camp is operated each year from June until August and camping sessions are divided into seven periods. Periods last six and 13 days.

Recreational facilities at the camp include six blacktop courts for volleyball, badminton, tennis and basketball; riflery and archery ranges and athletic fields.

Each camper is urged to follow his own natural interests and encouraged to develop new skills. There is a place for the camper whether he is a beginner or expert in crafts, games, swimming, sailing or fishing.

Daily activities include baseball, tennis, archery, riflery, cookouts, overnight hikes, crafts, swimming, fishing and boating. Evening programs include campfires, Indian ceremonies, nature programs, talent shows and competitive games between cabin groups.

Long canoe trips on the Mohican River and the Manistee River in Michigan for older qualified campers are also planned.

Lt. Brown Attends Toronto Conclave

International Fire Fighters Delete No-Strike Clause

The 29th annual convention of the International Assn. of Fire Fighters held Aug. 19-23 in Toronto, Canada, commemorated the golden anniversary of the organization.

Attending the convention from the Circleville department was Lt. Mike Brown. More than 985 delegates of the IAFF representing over 130,000 members from the United States and Canada acted on 160 resolutions.

The major ordinance passed by the convention was the deletion of the no-strike clause from the international constitution. In effect, the resolution says that fire companies associated with the IAFF will not lose their charter if they strike.

At the 1966 convention in Indianapolis, Circleville representative Noble Barr reported that the main issue of the convention was the deletion of the no-strike clause. It was defeated then.

A FUND strike was set up taking ten cents per month from each of the 130,000 members of the IAFF.

Other resolutions dealt with universal salaries of \$10,000 for firemen; adoption of a 40-hour work week; abolition of income tax on money received through the pension plan; and beginning social security at age 55.

In 76 Ohio cities represented at the convention, the largest delegation present, salaries for firemen range from \$4,200 to \$10,300 and work weeks are from 40 to 72 hours per week.

Lt. Brown toured the Canadian National Exhibition, a fair which in four days drew a total crowd of a million. Other tours were arranged through metropolitan Toronto, which has a population of two and a half million.

Howie McClinton of Boston was elected president of the organization to succeed outgoing prexy William Buck of St. Louis. Al Albertoni was reelected secretary.

District 8 of which Circleville is a member will be represented by Dan Delgado of Detroit. Chairman of the convention was William Allen of Toronto.

SPECIAL speakers at the convention were Toronto Mayor William Dennison and Frank G. Coakwell, fire chief of the 1,394 man Toronto force.

Next international convention will be in 1970 in Miami Beach.

National Guardsmen Protect Demo Convention Hotel

CHICAGO (AP) — About 800 National Guard troops surrounded the Democratic National Convention headquarters hotel today as 2,500 antiwar demonstrators defied a city law that closes parks from 11 p.m. to 4 a.m.

Deputy Police Supt. James Rochford said the guardsmen took over protection of the Conrad Hilton Hotel only because many of his police had been on duty 15 to 17 hours, and were tired.

But it was obvious that city officials were worried about the presence of hippies and the peace demonstrators, most of whom had been routed from Lincoln Park with clouds of tear gas just after midnight, because they defied the same law.

Three-hundred police won the "battle of Lincoln Park," and took firm possession of their trash-littered battlefield by stationing blue-helmeted men every few hundred feet along its southern edge.

Officials made no attempt, however, to use the same tear gas tactics when most of the demonstrators moved four miles south to the Hilton.

There they joined a small demonstration already in progress in Grant Park, just across fashionable Michigan Avenue, and in full view of both delegates and national television color cameras.

Tuesday night's Lincoln Park confrontation brought no signs of the harsh police tactics of the night before, when 21 newsmen were clubbed, or had their cameras smashed, or their notes taken away. Many demonstrators also were clubbed Monday night.

Tear gas in huge quantities, both fired from explosive canisters and sprayed from a truck, was used instead.

The night's casualties included one police car with all its windows smashed, several with one or two broken, a liquor store window looted, display windows smashed in an auto showroom, and 15 arrested.

Police did fire shotguns over the heads of one small crowd to break it up.

Despite official fears, those prone to violence appeared to be a distinct minority in the group of 1,500 that gathered toward dusk in Lincoln Park.

As police lined up on the dark gravel parking area with their backs to Lake Michigan, each voice from the crowd that called for violence was answered by one urging restraint.

War Critic Sen. Gruening Trails in Alaska Primary

By THE ASSOCIATED PRESS

Alaska Sen. Ernest Gruening, an outspoken Vietnam war critic, trailed in his bid for renomination today and Sen. A. S. (Mike) Monroney, a Vietnam policy backer, has won renomination easily.

In a third Tuesday primary, New Mexico Republican Gov. David Cargo fought off a challenge to his renomination and now faces former state Senate Democratic Leader Fabian Chavez in November.

Democrat Gruening, seeking a third Senate term, trailed former Alaska House Speaker Mike Gravel for the nomination as the count of Tuesday's votes continued today.

In an even tighter race for the Alaska Republican Senate nomination, Anchorage banker Elmer Rasmuson led state House GOP Leader Ted Stevens.

Monroney, seeking a fourth Senate term, easily outpolled four Democratic challengers in the Oklahoma primary. Monroney now faces former Republican Gov. Henry Bellmon who was unopposed in the primary.

All four Oklahoma Democratic congressmen, led by House Democratic Leader Carl Albert, won renomination and both incumbent GOP representatives were unopposed.

In New Mexico, Gov. Cargo defeated Clifford Hawley of Albuquerque, whom he also had beaten in the 1966 primary. Chavez defeated five Democrats for the November ballot spot against Cargo.

Incumbent Democratic Rep. E. S. Johnny Walker led state Sen. Harold Runnels in his bid for renomination in New Mexico's southern district and incumbent Rep. Thomas G. Morris, D-N.M., won renomination in the northern district.

Nixon Holds Lead over All Demos

WASHINGTON (AP) — Republican presidential nominee Richard M. Nixon, in a sharp reversal from last month, holds identical six-point leads over Democrats Vice President Hubert H. Humphrey, Sen. Eugene J. McCarthy and President Johnson in the latest Harris Survey.

The national survey showed Nixon leading Humphrey 40 per cent to 34; McCarthy 41 to 35 and Johnson 42 to 36. Louis Harris said in a copyright Washington Post report Tuesday.

He said the results represent a turnaround of more than 10 points for Nixon since the Republican National Convention and the Soviet invasion of Czechoslovakia, and a reduction of McCarthy's edge over Humphrey.

A Harris Survey conducted July 24-29 showed Nixon behind Humphrey 41 per cent to 36 and behind McCarthy 43 to 35.

In the latest survey, 1,536 voters were interviewed in a single day, last Saturday, Harris said.

He said the sharp increase in strength of a just-nominated candidate is not uncommon and said Nixon also showed a six-point lead immediately after nomination in 1960 over the late John F. Kennedy.

Views on Television

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — The restless convention-watcher, moving from network to network looking for the most action, may have had some confusing moments Tuesday night.

At the moment when ABC's top political expert William Lawrence was predicting with firm authority the nomination of Vice President Hubert H. Humphrey on a first ballot tonight, CBS's Walter Cronkite and company were excitedly tracking down reports that other candidates were in conference with Stephen Smith, brother-in-law of Sen. Edward M. Kennedy.

What the CBS team at first interpreted as an "important break" in a Kennedy draft, ultimately appeared to be a strategy session on the controversial party plank on Vietnam.

But this flurry was icing on a rich viewing cake. From the opening gavel early Tuesday evening until the windup in the small hours this morning, there was plenty of drama, excitement, suspense and action.

Occasionally, however, it seemed to the viewer that some delegates might be doing a little stunting for the benefit of the cameras. A few stormed out of the hall in full sight of the nationwide audience and, not quite as furious as they seemed, returned quietly and unobserved later.

The camera caught a heated exchange when a couple of prospective speakers were barred by "security men"—they refused to identify themselves to a network floor reporter—on the ground that they were carrying newspapers.

Newspeople, we were later informed, were banned from the hall lest bored delegates be caught by the cameras in the

act of reading, not listening to speeches. In spite of all this forethought, some people inside the hall forgot the cameras so completely that they roughed up CBS's Dan Rather when he tried to find out the name of a Georgia delegate who, he said, was being "hailed out."

The incident in which Rather was struck and thrown to the floor, took place in full view of the national audience.

This viewer, finding the going slow, tuned in ABC's "Garrison's Gorillas," an ABC rerun early in the evening. It was a pretty exciting action story in which the heroes were deliberately captured by the Nazis. But after a few minutes, there was a gnawing feeling that something was going on in Chicago—live—that shouldn't be missed. So it was back to the convention hall.

The Democrats, with all the disputes to resolves, were running hours behind schedule. It was after midnight before the convention managed to get around to the most important dispute on the day's agenda—the Vietnam plank.

One interesting speaker was Betty Furness, the President's advisory on consumer affairs. It was during Chicago political conventions only a few years back that Miss Furness became a household face and figure in the live refrigerator commercials that interrupted the proceedings from time to time. Then she worked in a studio away from the hall; Tuesday night she was a VIP on the platform.

Dismiss Charge Against Officer In Shooting Case

CINCINNATI (AP) — Judge George S. Heitzler dismissed a charge of shooting to kill Tuesday against a Cincinnati patrolman, saying he acted under his full authority and duty during recent rioting here.

Robert Jahngien was charged in the wounding of 16-year-old Charles Dunigan of Cincinnati. Dunigan's father had filed the charge.

"This is another example of an unsupportable charge of police brutality," Heitzler, of Hamilton County Municipal Court, said.

Police said Dunigan was in a group of youths who threw bottles during rioting Aug. 16 and 17 and who struck Marcia Cox, 18, of Middletown in the eye, causing her to lose sight in it.

Dunigan faces charges of assault with a deadly weapon and assault on a police officer.

Urge Priests For Birth Control To Stand Aside

CLEVELAND (AP) — Roman Catholic priests who can't accept the church's ban on birth control should remain silent or ask to be relieved of teaching, preaching and confessional duties, the director of the Cleveland Diocese's Family Life Bureau said Tuesday.

"A priest should echo the voice of the church in this important matter . . .," the Rt. Rev. Msgr. Francis W. Carney said in a statement on church loyalty.

"If his personal conscience will not allow such agreement, he ought to summarily and properly ask to be removed from situations which would necessitate his supporting a position contrary to his conscience," the statement said.

War Critic Sen. Gruening Trails in Alaska Primary

By THE ASSOCIATED PRESS

Alaska Sen. Ernest Gruening, an outspoken Vietnam war critic, trailed in his bid for renomination today and Sen. A. S. (Mike) Monroney, a Vietnam policy backer, has won renomination easily.

In a third Tuesday primary, New Mexico Republican Gov. David Cargo fought off a challenge to his renomination and now faces former state Senate Democratic Leader Fabian Chavez in November.

Democrat Gruening, seeking a third Senate term, trailed former Alaska House Speaker Mike Gravel for the nomination

as the count of Tuesday's votes continued today.

In an even tighter race for the Alaska Republican Senate nomination, Anchorage banker Elmer Rasmuson led state House GOP Leader Ted Stevens.

Monroney, seeking a fourth Senate term, easily outpolled four Democratic challengers in the Oklahoma primary. Monroney now faces former Republican Gov. Henry Bellmon who was unopposed in the primary.

All four Oklahoma Democratic congressmen, led by House Democratic Leader Carl Albert, won renomination and both incumbent GOP representatives were unopposed.

In New Mexico, Gov. Cargo defeated Clifford Hawley of Albuquerque, whom he also had beaten in the 1966 primary. Chavez defeated five Democrats for the November ballot spot against Cargo.

Incumbent Democratic Rep. E. S. Johnny Walker led state Sen. Harold Runnels in his bid for renomination in New Mexico's southern district and incumbent Rep. Thomas G. Morris, D-N.M., won renomination in the northern district.

Nixon Holds Lead over All Demos

WASHINGTON (AP) — Republican presidential nominee Richard M. Nixon, in a sharp reversal from last month, holds identical six-point leads over Democrats Vice President Hubert H. Humphrey, Sen. Eugene J. McCarthy and President Johnson in the latest Harris Survey.

The national survey showed Nixon leading Humphrey 40 per cent to 34; McCarthy 41 to 35 and Johnson 42 to 36, Louis Harris said in a copyright Washington Post report Tuesday.

He said the results represent a turnaround of more than 10 points for Nixon since the Republican National Convention and the Soviet invasion of Czechoslovakia, and a reduction of McCarthy's edge over Humphrey.

A Harris Survey conducted July 24-29 showed Nixon behind Humphrey 41 per cent to 36 and behind McCarthy 43 to 35.

In the latest survey, 1,536 voters were interviewed in a single day, last Saturday, Harris said.

He said the sharp increase in strength of a just-nominate candidate is not uncommon and said Nixon also showed a six-point lead immediately after nomination in 1960 over the late John F. Kennedy.

Kids in Unprofitable Venture Of Making Fishing Worms

GASTONIA, N.C. (AP) — The five Walker children are in the plastic worm business this summer and their fisherman-father is proud of the struggling—if unprofitable—family business.

Dr. W. W. "Chuck" Walker, an orthodontist and a fisherman, explained:

"So many kids are out on the streets with nothing to do these days. They throw bottles and break glass and get into trouble. When my kids are home here making worms, I know they're making money and are not out on the streets getting into trouble."

The Walker Brothers Bait Co. consists of Sam, 7, twins Bob and Jim 10, and Woody, 15, with a healthy assist from sister Karen, 17.

They make a four inch green plastic worm developed by their father. Dr. Walker claims a loss

of \$800 so far—but the kids make some spending money.

"I buy bubble gum and go bowling," said 7-year-old Sam, who just works when the spirit moves him.

Fifteen-year-old Woody is the top worm maker. He has earned \$75 and hopes to buy a surfboard.

The Walker youngsters began by molding the plastic worms in the kitchen stove. Before long however, Mrs. Walker sent them to the basement with a hot plate.

"It was a little too much to cook beans and plastic worms on the same stove," she said. "The plastic is not very nice smelling and it leaves a film on the windows."

Their customers say the green plastic worms are now a favorite of bass at nearby Lake Norman.

Views on Television

NEW YORK (AP) — The restless convention-watcher, moving from network to network looking for the most action, may have had some confusing moments Tuesday night.

At the moment when ABC's top political expert William Lawrence was predicting with firm authority the nomination of Vice President Hubert H. Humphrey on a first ballot tonight, CBS's Walter Cronkite and company were excitedly tracking down reports that other candidates were in conference with Stephen Smith, brother-in-law of Sen. Edward M. Kennedy.

What the CBS team at first interpreted as an "important break" in a Kennedy draft, ultimately appeared to be a strategy session on the controversial party plank on Vietnam.

But this flurry was icing on a rich viewing cake. From the opening gavel early Tuesday evening until the windup in the small hours this morning, there was plenty of drama, excitement, suspense and action.

Occasionally, however, it seemed to the viewer that some delegates might be doing a little stunting for the benefit of the cameras. A few stormed out of the hall in full sight of the nationwide audience and, not quite as furious as they seemed, returned quietly and unobserved later.

The camera caught a heated exchange when a couple of prospective speakers were barred by "security men"—they refused to identify themselves to a network floor reporter—on the ground that they were carrying newspapers.

Newspapers, we were later informed, were banned from the hall lest bored delegates be caught by the cameras in the

act of reading, not listening to speeches. In spite of all this forethought, some people inside the hall forgot the cameras so completely that they roughed up CBS's Dan Rather when he tried to find out the name of a Georgia delegate who, he said, was being "hauled out."

The incident in which Rather was struck and thrown to the floor, took place in full view of the national audience.

This viewer, finding the going slow, tuned in ABC's "Garrison's Gorillas," an ABC rerun early in the evening. It was a pretty exciting action story in which the heroes were deliberately captured by the Nazis. But after a few minutes, there was a gnawing feeling that something was going on in Chicago—live—that shouldn't be missed. So it was back to the convention hall.

The Democrats, with all the disputes to resolve, were running hours behind schedule. It was after midnight before the convention managed to get around to the most important dispute on the day's agenda—the Vietnam plank.

One interesting speaker was Betty Furness, the President's advisory on consumer affairs. It was during Chicago political conventions only a few years back that Miss Furness became a household face and figure in the live refrigerator commercials that interrupted the proceedings from time to time. Then she worked in a studio away from the hall; Tuesday night she was a VIP on the platform.

Tigers' 20-Year Won-Lost Record Is Impressive

Circleville High School's football team has an impressive 123 victories against 53 losses and seven ties over the past 20 years.

During those 20 years, Circleville has had five undefeated seasons.

The 1948-49-50 teams coached by Steve Brudzinski went undefeated. The next undefeated squad was the 1962 team coached by Carl Benhase, while Paul Starr turned the trick last year, winning all ten tilts.

The Tigers have had only five losing seasons during the same 20 year span. In 1952 and 1954 they won 2-6 records. In 1956 they won two, lost six and tied one. In 1957 they won two, lost five and tied one. In 1960, they won four, lost five and tied one.

EIGHT times they have won outright or shared the South Central Ohio League title during those 20 years.

The Tigers have been successful in winning their first game of the season 15 times since 1948.

Circleville football fans this year will get a brief glimpse of the team at 8 p.m. Friday during the annual Band Mothers Preview when they will be introduced.

The first game of the season is at Grove City and the first home game is Sept. 13 against Teays Valley.

Only one new team appears on the Tiger Schedule this year. Walnut Ridge, defending co-champions of the Columbus City League, replaces Pleasant View for the third game of the season. Pleasant View, joining the new Capital League, could not match its schedule with Circleville to continue the rivalry that began when the

Panthers were a member of the South Central Ohio Loop in 1959.

THE Red and Black begins the league play hosting Hillsboro Sept. 27. Special events this year include Homecoming Oct. 11 when Miami Trace invades Tiger Stadium, and Parents Night Nov. 1 at the Franklin Heights game.

Here is the complete schedule:

Aug. 30 — Band Preview
Sept. 6 — at Grove City
Sept. 13 — Teays Valley
Sept. 20 — at Walnut Ridge
Sept. 27 — Hillsboro

Rettenmund Gives Orioles 5-3 Win

By MIKE RECHT
Associated Press Sports Writer
Those nitty gritty ballplayers who give their all for the team—that's a ballplayer's ball player.

But those guys who pinch hit for another pinch hitter and slam a game winning home run in the last of the ninth—that's a pinch hitter's pinch hitter. That's Merv Rettenmund.

The rookie outfielder, who has made most of his infrequent appearances for the Baltimore Orioles by coming off the bench, won the label Tuesday night.

Rettenmund, recently recalled from the minor leagues, slammed his first major league homer with one on and one out and lifted the Orioles to a 5-3 victory over Oakland in the

opener of a twin-night double-header.

When the Orioles won the nightcap 7-2 and Detroit lost to the Chicago White Sox 2-1, Baltimore found itself only four games behind the American League leading Tigers.

The Orioles haven't been that close to the lead since June 10 when Detroit led Cleveland by only three games.

The Tigers helped along the cut down by giving the White Sox the winning run in the ninth inning on second baseman Tom Matchick's throwing error.

Off in the distance Boston stomped Cleveland 7-1 and the New York Yankees stopped California 2-0 before losing 2-0 in

Culp Pitches 7-1 Victory Over Tribe

BOSTON (AP)—Ray Culp never sets goals for himself, but the young right-hander's strong comeback this season could well carry him all the way to the best campaign of his six-year major league career.

"The way I finished up in 1967 I'm just happy to be in uniform now," the Boston Red Sox hurler said Tuesday after boosting his record to 10-5 with a four-hit, 7-1 victory over the Cleveland Indians.

"I had to struggle a few times before getting No. 10, and all I'm looking ahead to now is No. 11," he added.

Culp, now 27, came into the majors with a bang in 1963, posting a 14-11 record with the Philadelphia Phillies and being named to the National League All-Star team.

Bothered intermittently by arm trouble thereafter, he had one other good year (14-10 in 1965) but was eventually traded to the Chicago Cubs, where he had a mediocre 8-11 season last year.

Culp was obtained by the Red Sox last winter, got into the starting rotation, but went to the bullpen when he found himself with an 0-2 record and a 6.03 earned run average.

On May 18 he tossed a four-hit shutout to defeat the New York Yankees in a starting assignment. It was his first victory in the American League and he said "I just had to keep working."

On Tuesday, mixing his fast ball with a sharp slider, he had a perfect game into the fifth inning, when Duke Sims' double and Larry Brown's single produced the Cleveland run.

The Red Sox jumped to a 4-0 lead in the third on Reggie Smith's squeeze bunt and Floyd Robinson's bases loaded single. Boston pulled away in the seventh with three runs.

Stan Williams (11-8) was the loser.

Jets Close Gap with Mud Hens

By THE ASSOCIATED PRESS
The Columbus Jets have pulled to within a game of the Toledo Mud Hens in the International League race—and more importantly have pulled even with the league leaders in the loss column.

While Toledo was splitting a doubleheader Tuesday night with the Syracuse Chiefs, the Mud Hens winning the nightcap 10-0 after dropping the opener 2-0, the Jets were beating Richmond twice—4-3 and 4-1.

Rochester fell to third place, two games off the pace, when they were beaten by Buffalo 7-4. Louisville bombed Jacksonville 8-3.

A pair of six-hit pitching jobs and two big innings got the job done for Columbus at Richmond. Dave Roberts ran his record to 16-5 in the opener, and Dave Wickersham and Dan Schneider combined in the second game.

Manny Sanguillen's lead-off homer was the first of six hits in the Jets' four-run fourth inning in the first game.

The Mud Hens got a five-hitter from Mike Marshall in winning. The Toledo left-hander struck out 14 in running his record to 14-9 and also contributed three of the Mud Hens' 14 hits. Mike Derrick had four hits.

Campbell Favored In Golf Clash

COLUMBUS, Ohio (AP)—Hard-nosed veteran Bill Campbell, who played in his first National Amateur 30 years ago, was in the favorite's role today as firing opened in the 68th U.S. Amateur Golf Championship.

afternoon contests. At night, Minnesota blasted Washington 7-1 after losing 2-0 in a twin-nighter.

Curt Blefary had given the Orioles a 3-0 lead with his 11th homer in the fourth inning, but the Orioles found themselves deadlocked 3-3 after Reggie Jackson, Rick Monday and Sal Bando unloaded solo homers in the seventh for the A's.

Blefary singled with one out in the ninth off losing right-hander Jack Aker, 3-3, and when left-handed Elrod Hendricks was sent up to pinch hit for Larry Haney, Oakland switched to left-hander Warren Bogle.

Continuing the game of platooning, Baltimore Manager Earl Weaver called on Rettenmund.

The 25-year-old right-handed hitter, making his ninth appearance at the plate this season, responded by belting the first pitch over the left field fence. He now has a single, two doubles and a homer for a .444 batting average.

Wally Bunker, another recall from the minors this year, took care of the nightcap with a six-hitter in his first start since Aug. 7. He is 2-0.

Blefary and Don Buford, No. 13, supplied the home run power in the nightcap, both connecting Aker in the fifth inning, and Dave Johnson stole home during a three-run fourth inning rally as the Orioles won their 17th game in 24 outings.

Bonds, Giants Whip Chicago Cubs, 8-4

By DICK COUCH
Associated Press Sports Writer
Bobby Bonds reminds Willie Mays of a youngster named Willie Mays. The Chicago Cubs will tell you the resemblance is frightening.

Bonds, San Francisco's promising rookie outfielder, cracked a pair of homers and knocked in six runs Tuesday night as the surging Giants whipped the Cubs 8-4.

The 22-year-old speedster, recently singled out by teammate Mays as "the guy who could take my place," accounted for five runs with his fourth and fifth homers after delivering one with a bases-loaded ground out.

Bonds' slugging helped the second place Giants, who have won 14 of their last 17 starts, pick up a game on St. Louis' National League leaders, who were beaten 2-0 by the New York Mets. Cincinnati blasted Philadelphia 10-0, Pittsburgh ripped Atlanta 4-3 in 11 innings and Houston beat Los Angeles 4-2 in other NL games.

Bonds, who set a modern major league record by hitting a grand slam homer in his first game three months ago, gave right-hander Bob Bolin a 1-0 lead in the second inning with his bases-loaded grounder. He greeted Chicago reliever Jack Lamabe with a 400-foot homer, good for three RBI, in the fourth and connected off Bill Stoneman with one on in the sixth.

He is batting .257, with 21 RBIs, in 49 games with the Giants.

Jim Hart's two-run single in the sixth enabled Bolin to breeze to his seventh victory in 11 decisions. Willie Smith, who made his first pitching appearance for the Cubs as a late-inning reliever, tagged Bolin for a two-run homer in the ninth.

Dick Selma scattered six hits to break a personal five-game losing streak and Tommie Agee drove in three runs with a homer and single as the Mets shut out the Cards for the second successive night.

Agee's fifth homer, a leadoff shot in the third inning, gave Selma all the support he needed and pinned the loss on Larry Jaster, 8-11, who has dropped six in a row.

Donn Clendenen reached first on a third-strike wild pitch to

open the 11th at Atlanta. He took second on a sacrifice bunt and scored the winning run on Jerry May's two-out single. Mike Lum's eighth inning homer off Jim Bunning had lifted the Braves into a 3-3 tie.

Norm Miller's homer touched

off a four-run third inning burst that carried the Astros past Los Angeles behind the six-hit pitching of Denny Lemaster. Run-scoring singles by Jim Wynn and Rusty Staub and a sacrifice fly by Denis Menke completed the deciding rally.

Jim Harris, Claude Crabb Recalled by Pro Grid Clubs

By HERSCHEL NISSENSON
Associated Press Sports Writer
Vince Lombardi has become a movie star in a film called Second Effort but Jim Harris and Claude Crabb are starring in a real-life drama entitled Second Chance.

While Lombardi was giving tips on salesmanship in his new venture, tackle Harris and defensive back Crabb were going through reruns with the pro football teams that recently sent them packing.

Harris, who was released on waivers by the New York Jets on Monday, was recalled by the American Football League club Tuesday when nobody claimed him.

A three-year starter at defensive tackle, Harris was switched to offense in training camp but Jerry lost out to rookie Sam Walton. The Jets said he will return to defense as backup man for John Elliott.

The Los Angeles Rams of the National Football League dropped Crabb last week but invited him back because Chuck Lamson must undergo surgery on an injured knee.

On the field, the Packers took a look at rookie placekicker Mike Clemens, recently cut by Cincinnati of the AFL. Clemens booted more than 20 field goals

during his college days at Sacramento State.

Kramer is the leading candidate for the job vacated by the retirement of Don Chandler. Fullback Chuck Mercein and defensive end Frank Winkler are other possibilities.

Elsewhere, Philadelphia, hard hit by injuries, acquired fullback Larry Conjar, a former Notre Dame star, from Cleveland for an undisclosed 1969 draft choice. The Browns in turn picked up veteran center Bob Whitlow on waivers from Pittsburgh.

Washington's plans to try Heisman Trophy winner Gary Beban at halfback in Thursday night's exhibition against Detroit were shelved when the former UCLA quarterback pulled a hamstring muscle in practice. He probably won't play at all.

Frank Wharton Leads Ohio Open

FAIRBORN, OHIO (AP)—

Frank Wharton had a six-stroke lead going into today's final two rounds of the Ohio Open Golf Tournament.

But the 32-year-old Akron pro wasn't overconfident about his chances of winning the championship.

Wharton recalled Tuesday that he was eight strokes behind going into the final 36 holes last year. He picked up seven shots to finish second and nearly overtook winner Frank Boynton of Cleveland.

Wharton shot a sizzling four-under-par 68 Tuesday to match his 69 Monday for a halfway score of 137 on the Greene Country Club course.

Tied at 143 were John Dalrymple of Sylvania and Larry Liprando of Cleveland.

Culp Pitches 7-1 Victory Over Tribe

BOSTON (AP)—Ray Culp never sets goals for himself, but the young right-hander's strong comeback this season could well carry him all the way to the best campaign of his six-year major league career.

"The way I finished up in 1967 I'm just happy to be in uniform now," the Boston Red Sox hurler said Tuesday after boosting his record to 10-5 with a four-hit, 7-1 victory over the Cleveland Indians.

"I had to struggle a few times before getting No. 10, and all I'm looking ahead to now is No. 11," he added.

Culp, now 27, came into the majors with a bang in 1963, posting a 14-11 record with the Philadelphia Phillies and being named to the National League All-Star team.

Bothered intermittently by arm trouble thereafter, he had one other good year (14-10 in 1965) but was eventually traded to the Chicago Cubs, where he had a mediocre 8-11 season last year.

Culp was obtained by the Red Sox last winter, got into the starting rotation, but went to the bullpen when he found himself with an 0-2 record and a 6.03 earned run average.

On May 18 he tossed a four-hit shutout to defeat the New York Yankees in a starting assignment. It was his first victory in the American League and he said "I just had to keep working."

On Tuesday, mixing his fast ball with a sharp slider, he had a perfect game until the fifth inning, when Duke Sims' double and Larry Brown's single produced the Cleveland run.

The Red Sox jumped to a 4-0 lead in the third on Reggie Smith's squeeze bunt and Floyd Robinson's bases loaded single. Boston pulled away in the seventh with three runs.

Stan Williams (11-8) was the loser.

Jets Close Gap with Mud Hens

By THE ASSOCIATED PRESS

The Columbus Jets have pulled to within a game of the Toledo Mud Hens in the International League race—and more importantly have pulled even with the league leaders in the loss column.

While Toledo was splitting a doubleheader Tuesday night with the Syracuse Chiefs, the Mud Hens winning the nightcap 10-0 after dropping the opener 2-0, the Jets were beating Richmond twice—4-3 and 4-1.

Rochester fell to third place, two games off the pace, when they were beaten by Buffalo 7-4. Louisville bombed Jacksonville 8-3.

A pair of six-hit pitching jobs and two big innings got the job done for Columbus at Richmond. Dave Roberts ran his record to 16-5 in the opener, and Dave Wickersham and Dan Schneider combined in the second game.

Manny Sanguillen's lead-off homer was the first of six hits in the Jets' four-run fourth inning in the first game.

The Mud Hens got a five-hit lead from Mike Marshall in winning. The Toledo left-hander struck out 14 in running his record to 14-9 and also contributed three of the Mud Hens' 14 hits. Mike Derrick had four hits.

Campbell Favored In Golf Clash

COLUMBUS, Ohio (AP)—Hard-nosed veteran Bill Campbell, who played in his first National Amateur 30 years ago, was in the favorite's role today as firing opened in the 68th U.S. Amateur Golf Championship.

The 45-year-old Huntington, W.Va., insurance broker led a class of 150 amateurs bidding for the coveted title on the tricky, heavily-trapped Scioto Country Club course.

Bonds, Giants Whip Chicago Cubs, 8-4

By DICK COUCH

Associated Press Sports Writer
Bobby Bonds reminds Willie Mays of a youngster named Willie Mays. The Chicago Cubs will tell you the resemblance is frightening.

Bonds, San Francisco's promising rookie outfielder, cracked a pair of homers and knocked in six runs Tuesday night as the surging Giants whipped the Cubs 8-4.

The 22-year-old speedster, recently singled out by teammate Mays as "the guy who could take my place," accounted for five runs with his fourth and fifth homers after delivering one with a bases-loaded ground out.

Bonds' slugging helped the second place Giants, who have won 14 of their last 17 starts, pick up a game on St. Louis' National League leaders, who were beaten 2-0 by the New York Mets. Cincinnati blasted Philadelphia 10-0, Pittsburgh nipped Atlanta 4-3 in 11 innings and Houston beat Los Angeles 4-2 in other NL games.

Bonds, who set a modern major league record by hitting a grand slam homer in his first game three months ago, gave right-hander Bob Bolin a 1-0 lead in the second inning with his bases-loaded grounder. He greeted Chicago reliever Jack Lamabe with a 400-foot homer, good for three RBI, in the fourth and connected off Bill Stoneman with one on in the sixth.

He is batting .257, with 21 RBIs, in 49 games with the Giants.

Jim Hart's two-run single in the sixth capped the Giants' attack, enabling Bolin to breeze to his seventh victory in 11 decisions. Willie Smith, who made his first pitching appearance for the Cubs as a late-inning reliever, tagged Bolin for a two-run homer in the ninth.

Dick Selma scattered six hits to break a personal five-game losing streak and Tommie Agee drove in three runs with a homer and single as the Mets shut out the Cards for the second successive night.

Agee's fifth homer, a leadoff shot in the third inning, gave Selma all the support he needed and pinned the loss on Larry Jaster, 8-11, who has dropped six in a row.

Donn Clendenon reached first on a third-strike wild pitch to

open the 11th at Atlanta. He took second on a sacrifice bunt and scored the winning run on Jerry May's two-out single. Mike Lum's eighth inning homer off Jim Bunning had lifted the Braves into a 3-3 tie.

Norm Miller's homer touched

off a four-run third inning burst that carried the Astros past Los Angeles behind the six-hit pitching of Denny Lemaster. Run-scoring singles by Jim Wynn and Rusty Staub and a sacrifice fly by Denis Menke completed the deciding rally.

Jim Harris, Claude Crabb Recalled by Pro Grid Clubs

By HERSCHEL NISSENSEN

Associated Press Sports Writer
Vince Lombardi has become a movie star in a film called Second Effort but Jim Harris and Claude Crabb are starring in a real-life drama entitled Second Chance.

While Lombardi was giving tips on salesmanship in his new venture, tackle Harris and defensive back Crabb were going through reruns with the pro football teams that recently sent them packing.

Harris, who was released on waivers by the New York Jets on Monday, was recalled by the American Football League club Tuesday when nobody claimed him.

A three-year starter at defensive tackle, Harris was switched to offense in training camp but Jerry lost out to rookie Sam Walton. The Jets said he will return to defense as backup man for John Elliott.

The Los Angeles Rams of the National Football League dropped Crabb last week but invited him back because Chuck Lamson must undergo surgery on an injured knee.

On the field, the Packers took a look at rookie placekicker Mike Clemons, recently cut by Cincinnati of the AFL. Clemons booted more than 20 field goals

during his college days at Sacramento State.

Kramer is the leading candidate for the job vacated by the retirement of Don Chandler. Fullback Chuck Mercein and defensive end Frank Winkler are other possibilities.

Elsewhere, Philadelphia, hard hit by injuries, acquired fullback Larry Conjar, a former Notre Dame star, from Cleveland for an undisclosed 1969 draft choice. The Browns in turn picked up veteran center Bob Whitlow on waivers from Pittsburgh.

Washington's plans to try Heisman Trophy winner Gary Beban at halfback in Thursday night's exhibition against Detroit were shelved when the former UCLA quarterback pulled a hamstring muscle in practice. He probably won't play at all.

Frank Wharton Leads Ohio Open

FAIRBORN, OHIO (AP)—

Frank Wharton had a six-stroke lead going into today's final two rounds of the Ohio Open Golf Tournament.

But the 32-year-old Akron pro wasn't overconfident about his chances of winning the championship.

Wharton recalled Tuesday that he was eight strokes behind going into the final 36 holes last year. He picked up seven shots to finish second and nearly overtook winner Frank Boynton of Cleveland.

Wharton shot a sizzling four-under-par 68 Tuesday to match his 69 Monday for a halfway score of 137 on the Greene Country Club course.

Tied at 143 were John Dalrymple of Sylvania and Larry Liprando of Cleveland.

Miami Dolphins Depend On Youngsters for Victory

By MURRY CHAS
Associated Press Sports Writer
BOCA RATON, Fla. (AP) — The Miami Dolphins will go as far this year as their young players and their mile and a quarter run will take them.

The Dolphins, who won more games—seven—than any other pro football expansion team in the first two years, believe they can do even better in the American League this season, and they're counting on their training camp routine to help.

For approximately the first two weeks of practice, the Dolphins daily ran a mile and a quarter around the perimeter of their camp. It was part of a new conditioning program instituted by Coach George Wilson.

The routine also included two scrimmages a day.

"I definitely was taking a very big chance," Wilson said. "But we were lucky and didn't get any major injuries."

What the Dolphins did get, Wilson feels, is a lot of good, practical work, something that should help throughout the season.

What they got last year also helped—experience.

The Dolphins are a young

team and are in the process of growing up together.

For example, quarterback Bob Griese, halfback Jack Harper, split end Jack Clancy and guard Charlie Fowler are in their second season, receivers Doug Moreau and Howard Twilley and fullback Stan Mitchell are in their third and tackles Maxie Williams and Norm Evans are in their fourth.

Then there's rookie Larry Csonka, who's forcing Mitchell out of a job. Csonka is a 235-

pound brute from Syracuse who looks as if he soon will be as dangerous a runner as Jim Nance and Hoyle Granger.

If he comes anywhere near that level, he'll make a good companion for Griese in Miami's attack.

The quarterback took over early last season when John Stofa broke his ankle and improved with each game. He finished as the league's fifth best passer statistically, completing 50 percent of his passes.

Fulla Napoleon Wins Fair Race

COLUMBUS, Ohio (AP) — Fulla Napoleon, the \$15,000 bargain baby owned by Red Sheep Stables of New York, won the \$23,000 Director of Agriculture Pace at the Ohio State Fair Tuesday to boost his lifetime earnings to \$245,718.

A leading contender for 3-year-old pacer-of-the-year honors, the bay son of Dale Frost-Sarah Napoleon moved from last place at the half-mile mark of the first heat, swept three-wide around the final turn and won by a neck over Adios Waverly.

Kick Out Cured

CALCUTTA, India (AP) — State officials have had to order a number of cured tuberculosis patients to leave a sanitarium near Calcutta.

They said some of the patients enjoyed the free care and had stayed on as long as five years after they were pronounced cured. Meanwhile more than 500 patients were on the waiting list for admission.

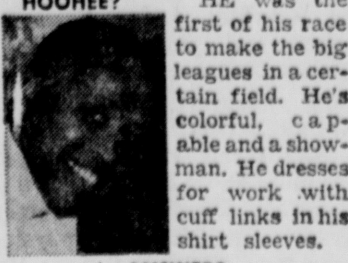

Educated Rabbit

LOUISVILLE, Ky. (AP) — Everywhere that Barbara Hendricks goes, her pet rabbit — Cotton Patch — goes with her. Even to school.

The rabbit is kept in a small pen in the classroom and the fourth grade youngsters vie for the privilege of caring for it. Cotton Patch even gets a report card and it's crowded with As.

Nashville Tops Cincinnati, 3-0

FARMINGTON, N. M. (AP) — Nashville, Tenn., pitcher Wayne Garland fired a no-hitter at previously unbeaten Cincinnati Tuesday night to give Nashville a 3-0 victory in the Connie Mack Baseball World Series.

Three teams now are left in the running for the championship in the double-elimination tournament. They are Cincinnati, Nashville and Bridgeport, Conn., each with one loss.

Cincinnati plays Nashville at 7:30 p. m. tonight, with the winner playing Bridgeport for the championship Thursday.

Pilot M Wins At Scioto

Pilot M, owned by Dr. C.W. Cromley of Ashville and driven by Jim Mace, won the first half of the daily double at Scioto Downs Tuesday.

Pacing the mile in 2:08.3, Pilot M returned \$14.40, \$6.20 and \$3.60. Mace also drove Berry Counsel, owned by Wayne Martin of Circleville. He finished seventh in the ninth race.

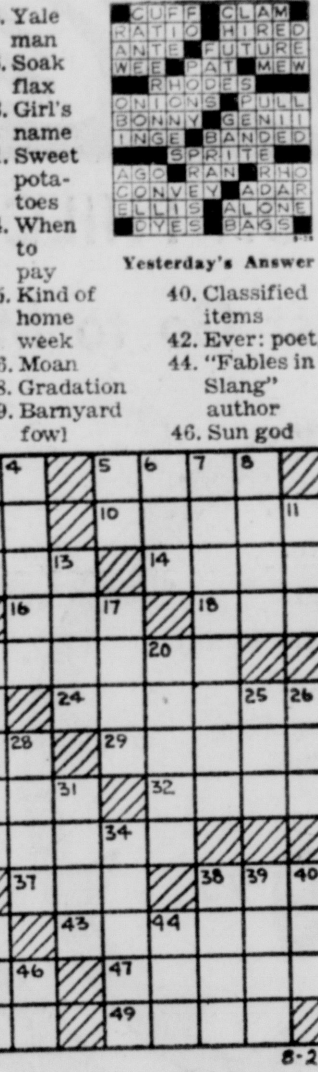

Emmett Ebenhack had two drives at the Downs, finished third with Countess Jerry in the fifth race and ninth with Hi Vo in the third.

At the Ohio State Fair yesterday, Ebenhack guided Portie's Folly to a 2:04.3 mile to win the race-off in the three year old filly race. He had finished second in first heat of the race.

Twedy Time, owned and driven by Carl Riffle of Circleville was first in the initial heat of the pace and finished second in the race off to gain the second place share of the purse. Twedy Time paced her win in 2:05.

Miami Dolphins Depend On Youngsters for Victory

By MURRY CHAS
Associated Press Sports Writer
BOCA RATON, Fla. (AP) — The Miami Dolphins will go as far this year as their young players and their mile and a quarter run will take them.

The Dolphins, who won more games—seven—than any other pro football expansion team in the first two years, believe they can do even better in the American League this season, and they're counting on their training camp routine to help.

For approximately the first two weeks of practice, the Dolphins daily ran a mile and a quarter around the perimeter of their camp. It was part of a new conditioning program instituted by Coach George Wilson.

The routine also included two sprints a day.

"I definitely was taking a very big chance," Wilson said. "But we were lucky and didn't get any major injuries."

What the Dolphins did get, Wilson feels, is a lot of good, practical work, something that should help throughout the season.

What they got last year also helped—experience.

The Dolphins are a young

team and are in the process of growing up together.

For example, quarterback Bob Griese, halfback Jack Harper, split end Jack Clancy and guard Charlie Fowler are in their second season, receivers Doug Moreau and Howard Twilley and fullback Stan Mitchell are in their third and tackles Maxie Williams and Norm Evans are in their fourth.

Then there's rookie Larry Csonka, who's forcing Mitchell out of a job. Csonka is a 235-

pound brute from Syracuse who looks as if he soon will be as dangerous a runner as Jim Nance and Hoyle Granger.

If he comes anywhere near that level, he'll make a good companion for Griese in Miami's attack.

The quarterback took over early last season when John Stofa broke his ankle and improved with each game. He finished as the league's fifth best passer statistically, completing 50 per cent of his passes.

Fulla Napoleon Wins Fair Race

COLUMBUS, Ohio (AP) — Fulla Napoleon, the \$15,000 bargain baby owned by Red Sheep Stables of New York, won the \$23,000 Director of Agriculture Pace at the Ohio State Fair Tuesday to boost his lifetime earnings to \$245,718.

A leading contender for 3-year-old pacer-of-the-year honors, the bay son of Dale Frost-Sarah Napoleon moved from last place at the half-mile mark of the first heat, swept three-wide around the final turn and won by a neck over Adios Waverly.

TV Schools Open Sept. 3, Close Early

Classes at Teays Valley School District will open as usual Tuesday but will close one hour early.

High school classes will begin at 8:25 a.m. and the elementary schools will begin at 9 a.m. For Tuesday only all schools will close one hour earlier than the usual dismissal time of 3 p.m. at the elementary schools and 3:45 at the high school.

Bus schedules on opening day will be essentially the same as during the last six days of school in the spring. Students are advised to be ready a few minutes early for opening day.

Hot lunches will be served at the cafeterias on the first day. Elementary students will pay 25 cents for lunch and high school students will be charged 30 cents. Extra milk will cost three cents.

Persons with questions concerning registration are asked to contact the principals as quickly as possible. Questions of bus routes and schedules will be answered by calling Superintendent Benis Lutz or the respective principals.

State Fair Attendance 754,282

COLUMBUS, Ohio (AP)—The 1968 Ohio State Fair passed the halfway mark Tuesday with a record total paid attendance of 754,282—up 16,000 over the same point last year. A total 114,123 people passed through the turnstiles Tuesday.

With free grandstand attractions to come, officials were confident that the fair will have posted another record year in attendance by the time the last visitors enter the fairgrounds on Labor Day.

Featured in afternoon and evening grandstand shows today were the Smother Brothers with John Hartford and Pat Paulsen. Today also was Canton Day, Ohio Fair Manager's Day, Columbus Dispatch Day, Blue Ribbon Farm Families Day and Governor's Day.

Scores of livestock judging events continued, along with horse shows, harness racing and other entertainment events.

Students Dispersed In Mexico
MEXICO CITY (AP)—Army troops early today dispersed hundreds of students camping in front of the national palace following a peaceful march Tuesday night by some 200,000 persons protesting the regime of President Gustavo Diaz Ordaz.

Troops and armored cars surrounded the Zocalo, Mexico City's central plaza, where the students had pitched tents. The students put up no resistance and the troops burned the tents.

Student leaders had said they would maintain a constant picket line in front of the palace until Diaz Ordaz met their demands for restoration of "student dignity" and release of "political prisoners."

In one of the biggest such demonstrations in Mexican history, some 200,000 university, polytechnic and high school students marched four miles down the main street, the Paseo de la Reforma. The noisy protest gave further warning that the students, in an attempt to embarrass the government, may try to disrupt the Olympic Games opening Oct. 12.

The marchers carried signs and banners calling Diaz Ordaz a murderer and a dictator for ordering police to quell student disturbances last month.

Man Slain By Bomb
ZEPHYR COVE, Nev. (AP)—A casino owner once involved in stockholder struggles over control of Lake Tahoe gambling houses was killed Tuesday when a bomb exploded in his automobile in front of his house.

The body of Richard L. Chartrand, 42, was behind the wheel of his luxury car, torn to pieces by the blast.

The explosion littered the lawns of Chartrand's expensive home and others set among tall pine trees along the south shore of the Sierra lake. A hole was torn in the street.

No one else was injured. Sheriff George Byers of Douglas County said the bomb was under the floorboard.

"We have no evidence that this was a gangland-type assassination," said Deputy Dist. Atty. Ted Stokes.

Chairman Frank Johnson of the Nevada Gaming Control Board, who lives across the street and heard "the tremendously loud blast," said Chartrand has been involved in corporate disputes in the gaming industry.

But Dr. T. C. Harper of Reno, one of Chartrand's partners at Barney's Casino, said the disputes ended two years ago when Chartrand became general manager. In addition, Chartrand was president of the South Tahoe Nugget.

At the Buck Island Reef National Monument in the Caribbean, there is an underwater nature trail marked with descriptive plaques. It leads swimmers in snorkels on a winding 1,000-foot long tour through a marine garden or coral, sea fans and swaying gorgonians.

Teays Valley School Board Plans for Opening Day

Teays Valley Board of Education, meeting in regular session Monday, made final preparations for the opening of school.

Seven new teachers were approved by the board. New instructors are Paul Steinfurth, seventh and eighth grade math at Ashville; Roger Patterson, math and physics at Teays Valley; Delmar Dodrill, science and physical education at Walnut School;

Kay Terrell, sixth grade teacher at Ashville; Ross Dountz, seventh and eighth grade English and physical education at Scioto School; Ray Justice, physical education, health and coaching at the high school; and Barbara Borthwick, second grade teacher at Scioto School.

Resignations of Carl Morris, custodian at Walnut School, and Bernice George, part-time custodian at the high school, were received and accepted by the board.

FOUR non-teaching employees were hired by the school. Dwight Johnson was employed as Walnut School custodian, Florence Collins was hired as part-time custodian at the high school; Norma Gochmoor will be a bus driver and Janet Hutchins will be hired as a bus driver if an additional route is needed in the Scioto area.

Miss Judith Gerken was

appointed head of the math and science departments at the high school.

Seats were purchased by the school board for Scioto auditorium. Stage and cyclorama curtains were bought for Ashville and Scioto schools.

Increments were approved for activities coordinators at the high school. Increments will go to the yearbook sponsor, newspaper adviser, dramatics coach and football coach.

As final acts of business, the board voted to accept the budget as approved by the Pickaway County Budget Commission and to continue membership in the Ohio High School Athletic Assn.

Auto Insurance Hearing Canceled

COLUMBUS, Ohio (AP)—The state has canceled plans to hold a hearing in connection with auto insurance rates filed by Allstate Insurance Co. in 1967.

State Insurance Director Eugene P. Brown said Tuesday it would be pointless to hold a hearing since additional information provided by the company indicates "that Allstate's underwriting profit on its Ohio auto business over the last five years averaged less than 2 per cent while the last three years averaged only slightly more than 2 per cent."

BLOODMOBILE COORDINATORS — Circleville Rotary Club has appointed Sam Foster, Jack Mader and Don Repp to coordinate the clubs activities in support of the Pickaway County Blood Program. The bloodmobile will visit Circleville Thursday from 11 a.m. to 5 p.m. at Community United Methodist Church (previously First Methodist Church).

TV Schools Open Sept. 3, Close Early

Classes at Teays Valley School District will open as usual Tuesday but will close one hour early.

High school classes will begin at 8:25 a.m. and the elementary schools will begin at 9 a.m. For Tuesday only all schools will close one hour earlier than the usual dismissal time of 3 p.m. at the elementary schools and 3:45 at the high school.

Bus schedules on opening day will be essentially the same as during the last six days of school in the spring. Students are advised to be ready a few minutes early for opening day.

Hot lunches will be served at the cafeterias on the first day. Elementary students will pay 25 cents for lunch and high school students will be charged 30 cents. Extra milk will cost three cents.

Persons with questions concerning registration are asked to contact the principals as quickly as possible. Questions of bus routes and schedules will be answered by calling Superintendent Benis Lutz or the respective principals.

State Fair Attendance 754,282

COLUMBUS, Ohio (AP)—The 1968 Ohio State Fair passed the halfway mark Tuesday with a record total paid attendance of 754,282—up 16,000 over the same point last year. A total 114,123 people passed through the turnstiles Tuesday.

With free grandstand attractions to come, officials were confident that the fair will have posted another record year in attendance by the time the last visitors enter the fairgrounds on Labor Day.

Featured in afternoon and evening grandstand shows today were the Smother Brothers with John Hartford and Pat Paulsen. Today also was Canton Day, Ohio Fair Manager's Day, Columbus Dispatch Day, Blue Ribbon Farm Families Day and Governor's Day.

Scores of livestock judging events continued, along with horse shows, harness racing and other entertainment events.

Students Dispersed In Mexico
MEXICO CITY (AP)—Army troops early today dispersed hundreds of students camping in front of the national palace following a peaceful march Tuesday night by some 200,000 persons protesting the regime of President Gustavo Diaz Ordaz.

Troops and armored cars surrounded the Zocalo, Mexico City's central plaza, where the students had pitched tents. The students put up no resistance and the troops burned the tents.

Student leaders had said they would maintain a constant picket line in front of the palace until Diaz Ordaz met their demands for restoration of "student identity" and release of "political prisoners."

In one of the biggest such demonstrations in Mexican history, some 200,000 university, polytechnic and high school students marched four miles down the main street, the Paseo de la Reforma. The noisy protest gave further warning that the students, in an attempt to embarrass the government, may try to disrupt the Olympic Games opening Oct. 12.

The marchers carried signs and banners calling Diaz Ordaz a murderer and a dictator for ordering police to quell student disturbances last month.

Man Slain By Bomb
ZEPHYR COVE, Nev. (AP)—A casino owner once involved in stockholder struggles over control of Lake Tahoe gambling houses was killed Tuesday when a bomb exploded in his automobile in front of his house.

The body of Richard L. Chartrand, 42, was behind the wheel of his luxury car, torn to pieces by the blast.

The explosion littered the lawns of Chartrand's expensive home and others set among tall pine trees along the south shore of the Sierra lake. A hole was torn in the street.

No one else was injured. Sheriff George Byers of Douglas County said the bomb was under the floorboard.

"We have no evidence that this was a gangland-type assassination," said Deputy Dist. Atty. Ted Stokes.

Chairman Frank Johnson of the Nevada Gaming Control Board, who lives across the street and heard "the tremendously loud blast," said Chartrand had been involved in corporate disputes in the gaming industry.

But Dr. T. C. Harper of Reno, one of Chartrand's partners at Barney's Casino, said the disputes ended two years ago when Chartrand became general manager. In addition, Chartrand was president of the South Tahoe Nugget.

At the Buck Island Reef National Monument in the Caribbean, there is an underwater nature trail marked with descriptive plaques. It leads swimmers in snorkels on a winding 1,000-foot long tour through a marine garden or coral, sea fans and swaying gorgonians.

Teays Valley School Board Plans for Opening Day

Teays Valley Board of Education, meeting in regular session Monday, made final preparations for the opening of school.

Seven new teachers were approved by the board. New instructors are Paul Steinfurth, seventh and eighth grade math at Ashville; Roger Patterson, math and physics at Teays Valley; Delmar Dodrill, science and physical education at Walnut School;

Kay Terrell, sixth grade teacher at Ashville; Ross Dountz, seventh and eighth grade English and physical education at Scioto School; Ray Justice, physical education, health and coaching at the high school; and Barbara Borthwick, second grade teacher at Scioto School.

Resignations of Carl Morris, custodian at Walnut School, and Bernice George, part-time custodian at the high school, were received and accepted by the board.

FOUR non-teaching employees were hired by the school. Dwight Johnson was employed as Walnut School custodian, Florence Collins was hired as part-time custodian at the high school; Norma Gochnow will be a bus driver and Janet Hutchins will be hired as a bus driver if an additional route is needed in the Scioto area.

Miss Judith Gerken was

appointed head of the math and science departments at the high school.

Seats were purchased by the school board for Scioto auditorium. Stage and cyclorama curtains were bought for Ashville and Scioto schools.

Increments were approved for activities coordinators at the high school. Increments will go to the yearbook sponsor, newspaper adviser, dramatics coach and football coach.

A final acts of business, the board voted to accept the budget as approved by the Pickaway County Budget Commission and to continue membership in the Ohio High School Athletic Assn.

Auto Insurance Hearing Canceled

COLUMBUS, Ohio (AP)—The state has canceled plans to hold a hearing in connection with auto insurance rates filed by Allstate Insurance Co. in 1967.

State Insurance Director Eugene P. Brown said Tuesday it would be pointless to hold a hearing since additional information provided by the company indicates "that Allstate's underwriting profit on its Ohio auto business over the last five years averaged less than 2 per cent while the last three years averaged only slightly more than 2 per cent."

BLOODMOBILE COORDINATORS — Circleville Rotary Club has appointed Sam Foster, Jack Mader and Don Repp to coordinate the clubs activities in support of the Pickaway County Blood Program. The bloodmobile will visit Circleville Thursday from 11 a.m. to 5 p.m. at Community United Methodist Church (previously First Methodist Church).
